Daily Care Instructions

With proper care, your furniture will last for years. Please follow these guidelines:

- Keep the sofa away from direct sunlight, or use curtains/blinds to reduce exposure.
- Clean regularly with a dry, soft cloth or a vacuum with a soft attachment.
- For stubborn stains, gently blot with a soft cloth dipped in warm water and mild soap, then dry with a clean cloth.
- Avoid excessive rubbing, as it may damage the weave or cause discoloration.
- Place felt pads under the sofa to prevent floor scratches. A rug underneath also adds protection and style.
- Distribute weight evenly on the cushions over time for optimal care.
- When moving the furniture, always lift it rather than dragging it across the floor. Dragging can damage legs, joints, and flooring.
- Keep sharp objects away from the fabric or leather surface to prevent snags, tears, or scratches.

Thank you for choosing us. We look forward to welcoming you back soon!
