TANK & BASE:
FOR SHORT: ITEM # LD106-D
FOR TALL: ITEM # LD111-D
FOR LARGE: ITEM # LD128-D

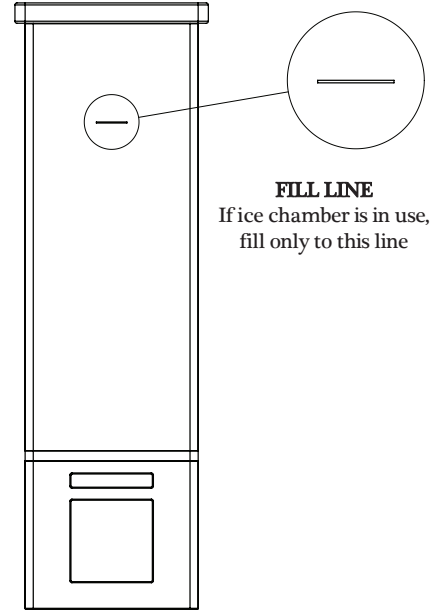

FAUCET:
ITEM # LDM006

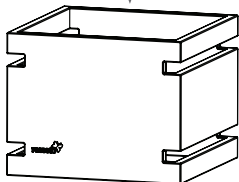

Before first use, make sure to hand wash all components of the beverage dispenser in warm soapy water. This dispenser is not dishwasher safe! For best results, use filtered or bottled water in dispenser.

Your Beverage Dispenser includes the following parts:

1. Lid
2. Ice Chamber - This exclusive feature makes refilling your ice easy. When in use, the tray is easily lifted out of the tank using the sturdy handle. This allows you to refill it with ice in one quick action! There is a "fill line" located at the back of the tank itself that conveniently indicates the accepted level for your beverage contents when the ice chamber is in use. By keeping the ice separate, this tool maintains the taste of your beverages while keeping them cool.
3. Tank and Base
4. Faucet

FILL LINE
If ice chamber is in use, fill only to this line

NATURAL BAMBOO

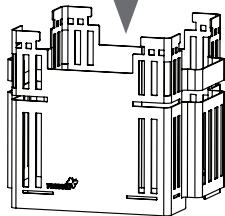

SMALL: ITEM # LD110

PART OF 1-GAL SET # LD116 / 2-GAL SET # LD112
LARGE: ITEM # LD129, PART OF 4-GAL SET # LD131

CARE INSTRUCTIONS:

HOW TO CARE FOR YOUR ROSSETO BEVERAGE DISPENSER

- **Do not place any part of your beverage dispenser in the freezer or dishwasher**
- **Hand wash all acrylic parts with warm soapy water. Rinse and dry with soft cloth for best results**
- Do not use alcohol, ammonia, or any chemical based cleaners to clean dispenser
- Do not use abrasive materials such as scrapers or metal based brushes on dispenser
- **ONLY** use this product for cold liquids

BAMBOO:

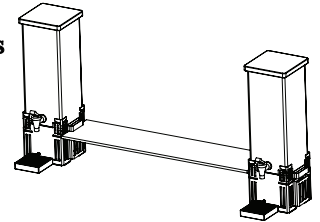

Stow your Bamboo Base Cover in a dry and ventilated place. Keep your Bamboo Base Cover away from heat and direct sunlight.

STAINLESS STEEL:

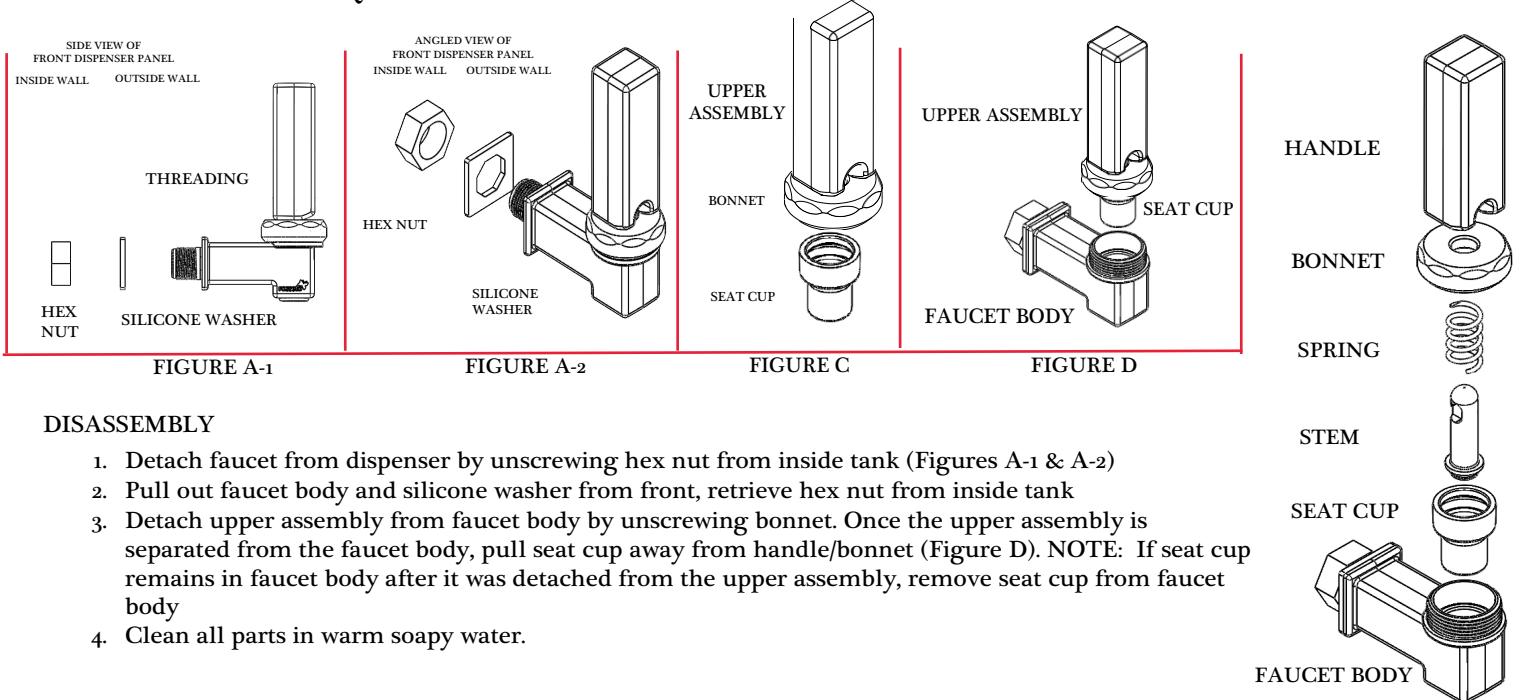

Handwash your Stainless Steel Drip Tray Top with a damp washcloth. Use any glass surface or stainless steel cleaning product to remove surface stains.

To keep it protected, stow your Stainless Steel Base Cover in the box it came in.

SAMPLE SETUP

DO NOT USE HOT LIQUIDS WITH THIS BEVERAGE DISPENSER

DISASSEMBLY

1. Detach faucet from dispenser by unscrewing hex nut from inside tank (Figures A-1 & A-2)
2. Pull out faucet body and silicone washer from front, retrieve hex nut from inside tank
3. Detach upper assembly from faucet body by unscrewing bonnet. Once the upper assembly is separated from the faucet body, pull seat cup away from handle/bonnet (Figure D). **NOTE: If seat cup remains in faucet body after it was detached from the upper assembly, remove seat cup from faucet body**
4. Clean all parts in warm soapy water.

ASSEMBLY

1. Place seat cup over stem/spring on upper assembly. Securely lock the stem into the base of the seat cup. You will know when the seat cup is securely locked in place when it will not detach from stem easily.
2. Hand tighten upper assembly/bonnet onto faucet body. You will know that the bonnet is properly installed if no threading is seen on the faucet body.
3. Install the faucet body onto body of dispenser. Place silicone washer over threading of faucet body **MAKING SURE SILICONE WASHER IS FLUSH WITH BACK OF FAUCET BODY** (Figures A-1 & A-2)
4. With one hand, place threading of faucet body through hole in front of the dispenser. With the other hand, screw the hex nut onto the faucet from the inside of dispenser to secure. Hand tighten only
5. Fill container at location of dispensing. Drain dispenser at the end of the day before moving. If full, 2 people are required to move dispenser

Rosseto cares about keeping your product protected and keeping the environment clean! That's why we use recyclable premium molded foam packaging made from polyisocyanate and combination polyether (PU). If you are not using it to stow your Beverage Dispenser, please make sure to recycle.
