

Sleek, low-profile design plus max interior height to fit taller items

If you like the eye-level access of an over-the-range microwave oven but still want to maintain a sleek kitchen aesthetic, look no further than this LG low-profile microwave which provides the industry's largest capacity and interior height in its class* to easily fit taller items up to 7.7 inches. The slim design features a zero clearance door for flush installation against any wall or cabinet and SmoothTouch® Glass Controls. It's loaded with smart features that simplify meal prep including sensor cook, pre-programmed auto cook settings and scan-to-cook.

Performance

COOK TO PERFECTION WITH SENSOR COOK AND AUTO COOK

Steel

*Based on marketplace survey of low-profile over-the-range microwaves (December 2023).

Performance

COOK TO PERFECTION WITH SENSOR COOK AND AUTO COOK

- Select from a menu of sensor cook options and let the microwave automatically determine when your food is ready using humidity-sensing technology
- Get perfectly cooked meals, without the need to worry about cook times or power levels
- Auto settings make cooking easier and decisions faster
- 4-speed vent with 550 CFM power helps remove smoke, steam and odors—especially useful when there’s more space between your microwave and cooktop

Style & Design

LOW-PROFILE DESIGN, TALLEST INTERIOR IN CLASS,* INSTALLS FLUSH

- Slim, unobtrusive design provides a sleek look and a surprisingly roomy interior that offers the most capacity and usable height in its class*
- Fit taller bowls, mugs and dishes with ease
- Zero clearance door means the microwave can be installed flush against a wall or cabinet without the need for extra clearance space for the door to swing open

* Based on marketplace survey of low-profile over-the-range microwaves (December 2023).

Convenience

ENJOY THINQ® SMART CONNECTIVITY, PLUS AN EASYCLEAN® INTERIOR

- The ThinQ® app offers control and convenience to help you simplify life and enjoy the comforts of home—plus, access remote control, scan-to-cook, Smart Diagnosis, customer support and more
- Scan-to-cook feature takes the guesswork out of frozen food meal prep—simply scan the barcode** of a ready-made meal with the ThinQ® app to remotely send customized cooking instructions straight to your microwave
- Use the app to sync the microwave with a smart LG range or cooktop to auto-activate the fan and light when the cooktop is in use
- LG’s EasyClean® interior resists stains and build-up and makes cleaning simple with just a wipe—no chemicals or scrubbing necessary†

** Participating products vary. Refer to ThinQ® app for details.

† Heavy build-up may require additional manual effort or use of nonabrasive detergent.
