

PIMPRI CHANDELIER

Inspired by the delicate layers of dew drops on the leaf of a plant, the delicate Pimpri chandelier is imagined in pillowed shapes of blue smoke luster glass joined with globed shades in clear seedy glass. The glass ornaments attach to a brushed-brass steel geometric frame in an assemblage that is modern and unexpected. The fixture is ideal for vertical spaces or tall ceilings. Finish will vary. Damp-rated, although limited covered outdoor areas may affect finish.
