IMPORTANT SAFETY INFORMATION FOR BUNK BED

1. Follow the information on the **WARNINGS** appearing on the upper bunk end structure and on the carton. Do not remove warning label from bed.
2. Always use the recommended size mattress or mattress supports, or both, to help prevent the likelihood of entrapment or falls.
3. Surface of mattress must be at least 5 inches (127mm) below the upper edge of guardrails.
4. Do not allow children under 6 years of age to use the upper bunk.
5. Periodically check and ensure that the guardrail, ladder, and other components are in their proper position, free from damage, and that all connectors are tight.
6. Do not allow horseplay on or under the bed and prohibit jumping on the bed.
7. Always use the ladder for entering and leaving the upper bunk.
8. Do not use substitute parts. Contact Coaster for replacement parts.
9. Use of a night light may provide added safety precaution for a child using the upper bunk.
10. Always use guardrails on both sides of the upper bunk. If the bunk bed will be placed next to the wall, the guardrail that runs the full length of the bed should be placed against the wall to prevent entrapment between the bed and wall.
11. The use of water or sleep flotation mattress is prohibited.
12. **STRANGULATION HAZARD** - Never attach or hang items to any part of the bunk bed that are not designed for use with the bed: for example, but not limited to, hooks, belts, and jump ropes.
13. Keep these instructions for future reference.

WARNING

TO PREVENT SERIOUS OR FATAL INJURY

1. When using beds as bunk beds, the ladder **MUST** be securely attached to the upper bunk rail at all times.
2. When using the beds as two (2) separate floor-standing beds, the ladder **MUST** be stored in a separate location where children cannot use the ladder in any manner.
3. **DO NOT** use, nor permit children to use, the ladder in any manner whatsoever, other than to access the top unit when used as bunk beds, and only if the ladder is securely attached to the top bunk rail, as set forth in the instructions.
4. Any misuse or unauthorized use of the ladder could result in serious or fatal injury.
5. Failure to follow the above WARNING, and/or failure to follow assembly instructions completely, will void any and all liability for damages and injury to persons and property.
