A Side Panel x2

B Crossbar x8

C Wooden Shelf x4

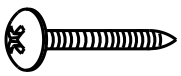

D Back Panel x2

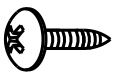

E Screws for Side Panel x16

F Screws for Shelf x16

G Screws for Back Panel x8

H1 Foot Plug x4

H2 Adjustment Foot x4

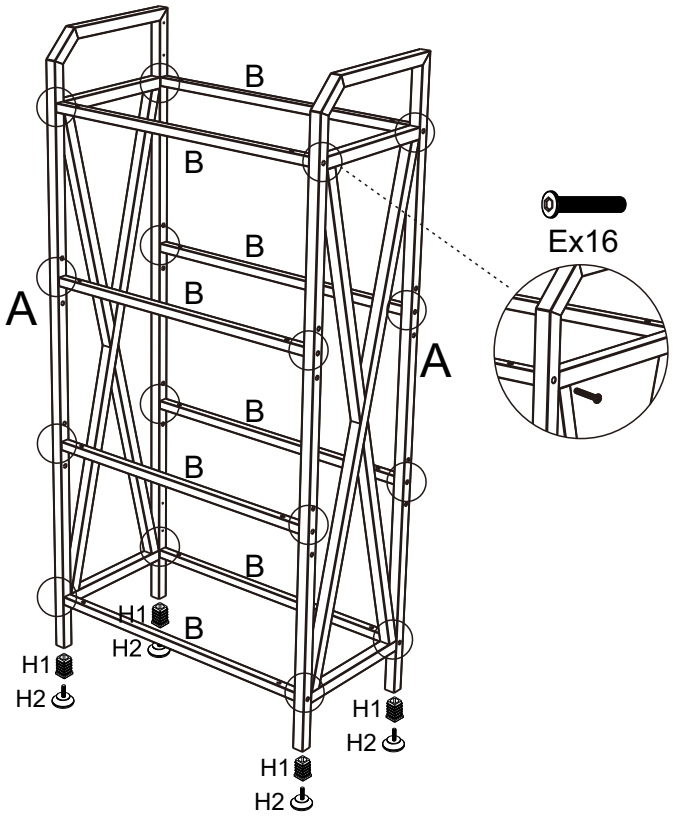

I Screwdriver

We always provide some extra screws for backup.Don't worry if you have some left over after installation.

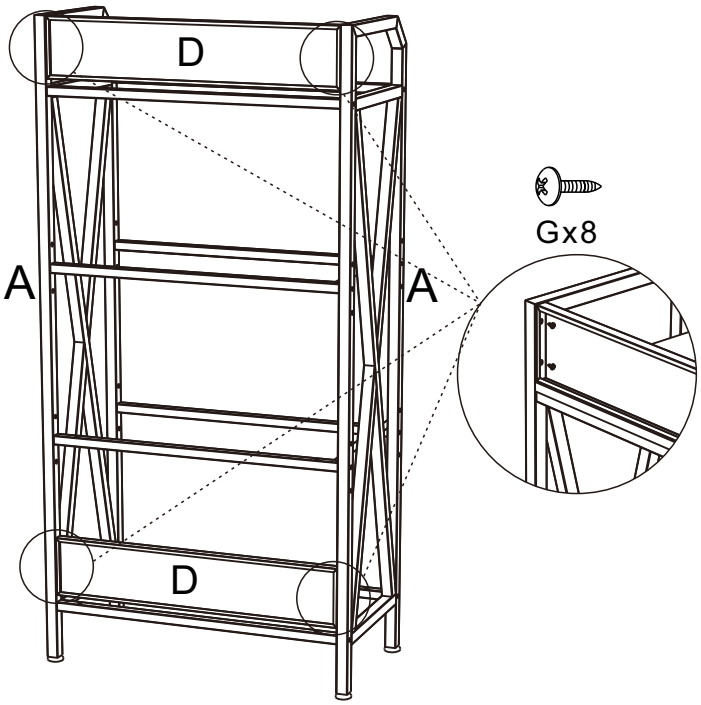

Step 1 A x2 B x8 E x16

Connecting the crossbar to the side panels.
Install the adjustment foot.

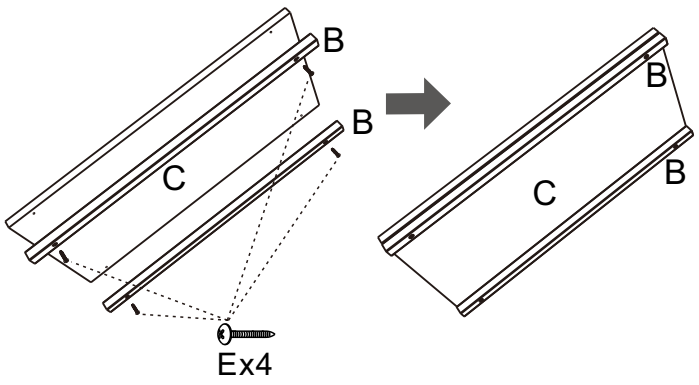

Step 2 D x2 G x8

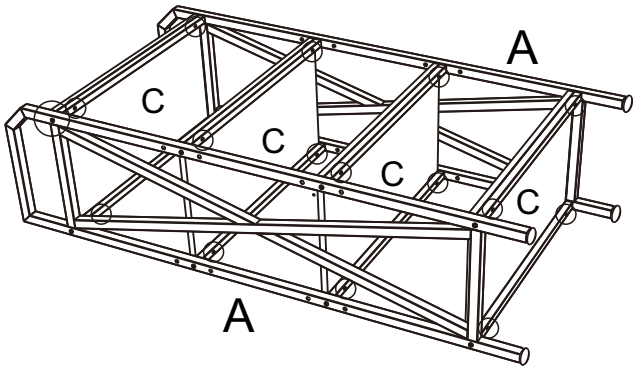

Connecting the back panels to the side panels.

Step 3 C x4 F x16

Attach the wooden shelf to the crossbar with screws.
If the screw holes do not align, you can loosen the crossbar screws slightly from side panels. Once the wooden shelf is securely fixed, then tighten all screws.

Step 4 Congratulations! You made it!
