The Lines Between 3

D2198S43943-3544

The Lines Between III is a series of six works on paper that recall the early work of American Abstract painter Adolph Gottlieb. This series features biomorphic forms, abstract symbols, and dream-like landscapes that reflect an inner psyche.

This work offers playful elements with its use of squiggles and loops that recall Lyrical Art. The color scheme in sand, muted cobalt blue, and charcoal adds to the poetical feel of the work. The Lines Between 3 invites the viewer to observe a scene playing out beneath the surface. Part of the exclusive ART by TA Collection, this abstract work is given depth through a careful blend of neutral tones and contrasting lines.
