Add a touch of classic design with this Howard Miller round wall clock. With beautiful antique styling and a stunningly detailed design, this clock adds a decorative touch to any room.

Unique Finish: This oversized wall clock is finished in black satin with worn edges. The careful craftsmanship of the clock paired with premium materials creates a timeless piece that will offer added style to your home for years to come.

Detailed Design: No detail was forgotten in the creation of this stunning antique wall clock. An aged dial with crackle background, aged black Arabic numerals, and aged black spade hands all come together to create an antique styling for this piece. Pair with other vintage decorations to create a wholly unique look.

Antique Styling: A beautiful pendulum window at the "6" location is framed by an antique gold-finished frame and reveals an antique brass-finished pendulum bob. These careful styling details make this oversized wall clock a valuable piece.

Quartz Movement: The Glenwood Falls round wall clock utilizes quartz movement and requires two AA size batteries, making it easy to keep this timepiece ticking.
