

Installation Instructions

Please Note: Disregard pre-installed bracket on back of wine rack. Bracket is not sturdy for use.

Step 1: Position

Find the area where you'd like to install your glass rack. Use a level and mark where the brackets are.

Step 2: Install Brackets

Making sure the brackets are level, and we recommend installing onto studs for stability, screw through the holes and onto wall.

Step 3: Place Glass Rack

From the bottom of the glass rack, line up the screw holes with the wood braces and screw to secure
