Assembly Instruction

LGR269ACK / LGR222ACK

General Guidelines

- Please read the following instructions carefully and use the product accordingly.
- Please keep this manual and hand it over when you transfer the product.
- This summary may not include every detail of all variations and considered steps. Please contact us if further information or assistance is needed.

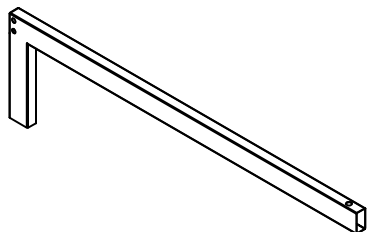

Notes

- The product is intended for indoor use only. It must be assembled and used in accordance with the provisions of the manual. Personal injury and/or damage to the product may occur if the product is used outside of its intended purpose and/or if it has been changed/modified from its original design. The seller does not assume any responsibility or liability for injury or damage caused by incorrect assembly or improper use.
- Avoid long-term exposure to humid environments to prevent mildew.
- Keep the product away from fire sources and high temperatures. Do not expose the product to direct sunlight.
- Do not place any hot objects on the surface of the product.
- If there are any defective or missing parts after unpacking, please cease assembly immediately and contact us.
- Assemble the item on a spacious surface and avoid placing the unwrapped product directly on the ground to prevent damage.
- Do not stand or sit on the wooden boards.
- Wear gloves during the assembly and/or disassembly process to avoid scratches from any sharp edges.
- Match each part and fitting based on the part number in the manual.
- If a part does not match the fitting, please check the manual for clarification.
- During assembly, first loosely align all screws with the corresponding pre-drilled holes, then tighten them one by one.
- Periodically inspect the screw tightness while the product is in use. Retighten if necessary to ensure structural integrity.
- If you accidentally spill water or any other liquid on the surface, immediately wipe it clean with a dry towel.
- Keep the product away from sharp, pointed objects and corrosive substances to prevent damage.
- Place the item on level, solid ground during use.

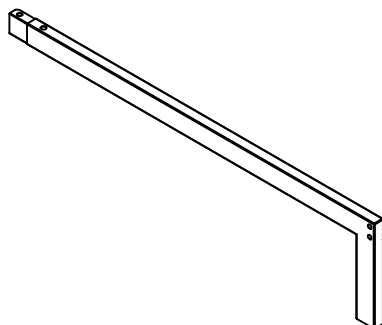

Warnings

- During assembly, keep all small parts out of the reach of children, as they may be fatal if swallowed or inhaled.
- Children should not climb or play on the product to avoid tipping over and causing serious injury.
- To avoid the potential danger of suffocation, keep all packaging materials (film, plastic bags, foam, etc.) away from babies and children.
- Do not shake or move the product violently during use to avoid tipping over.

1

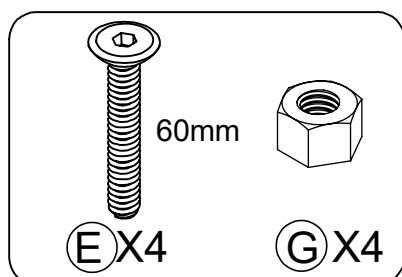

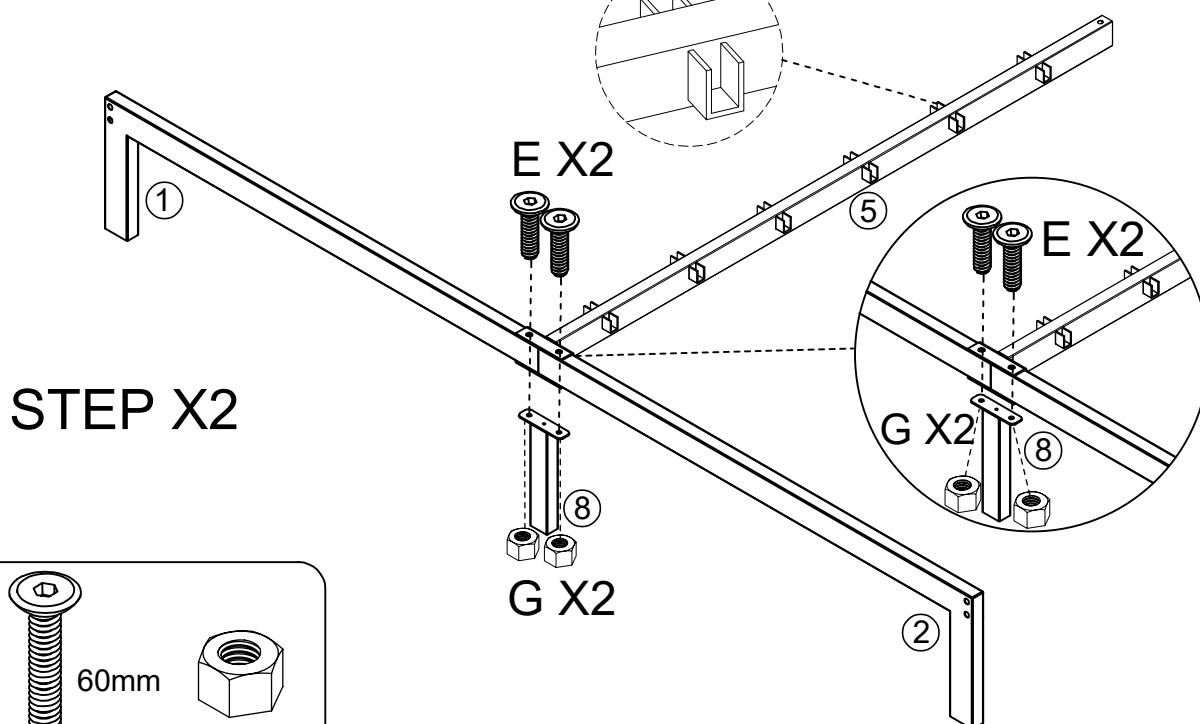

Note the front and back sides of tube 5,
with the grooves facing up.

⚠ Ensure that parts 1 and 2 are inserted into each
other, and then clip them into fasteners 5

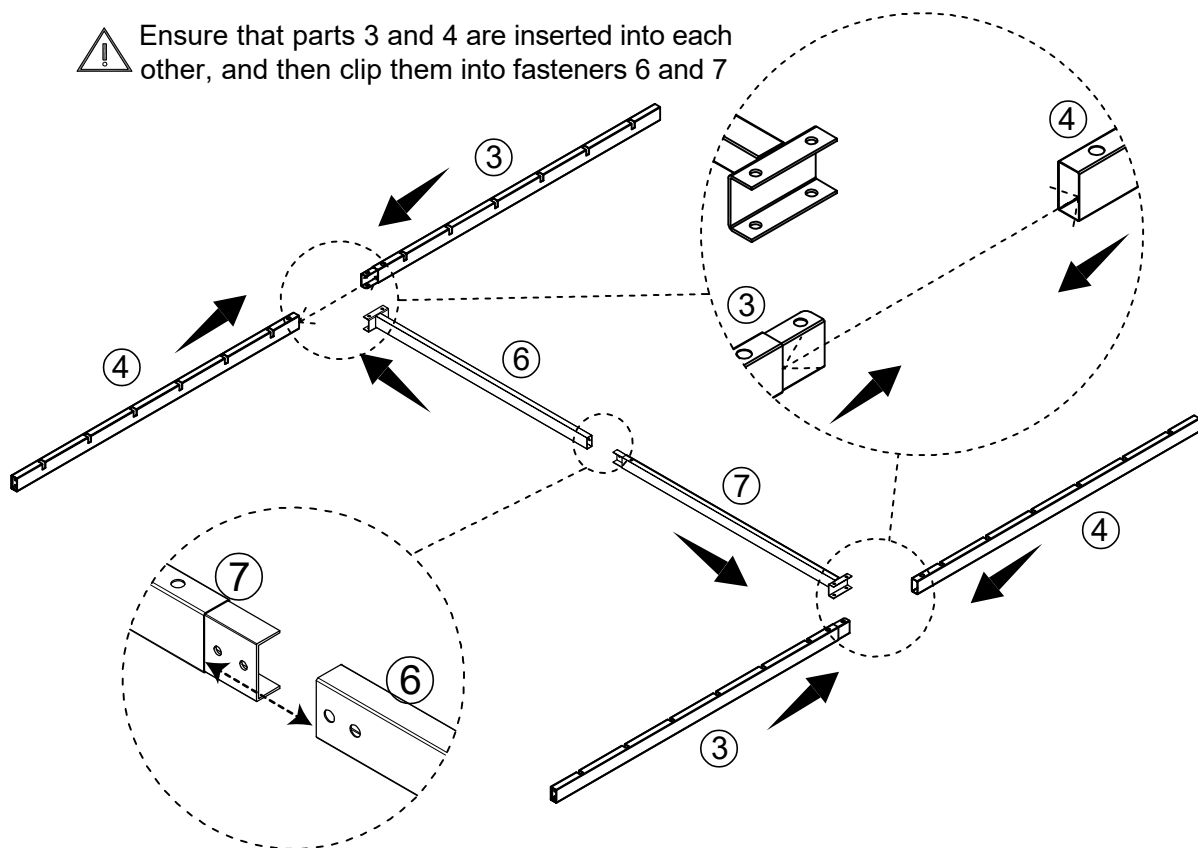

2

Note the front and back sides of tube 5,
with the grooves facing up.

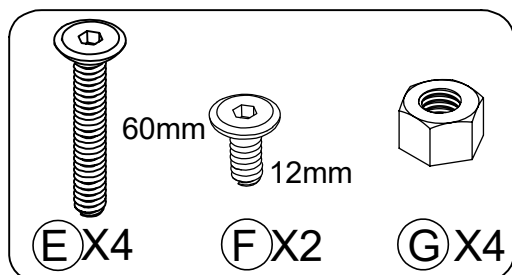

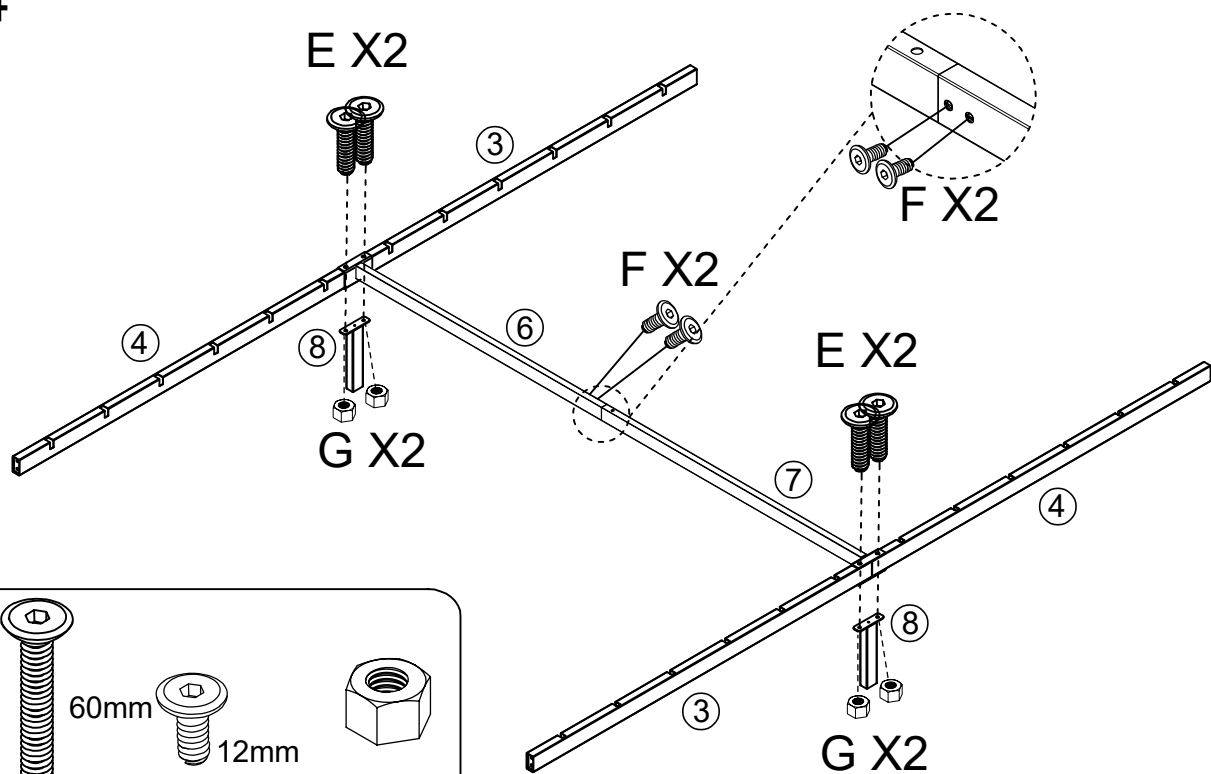

3

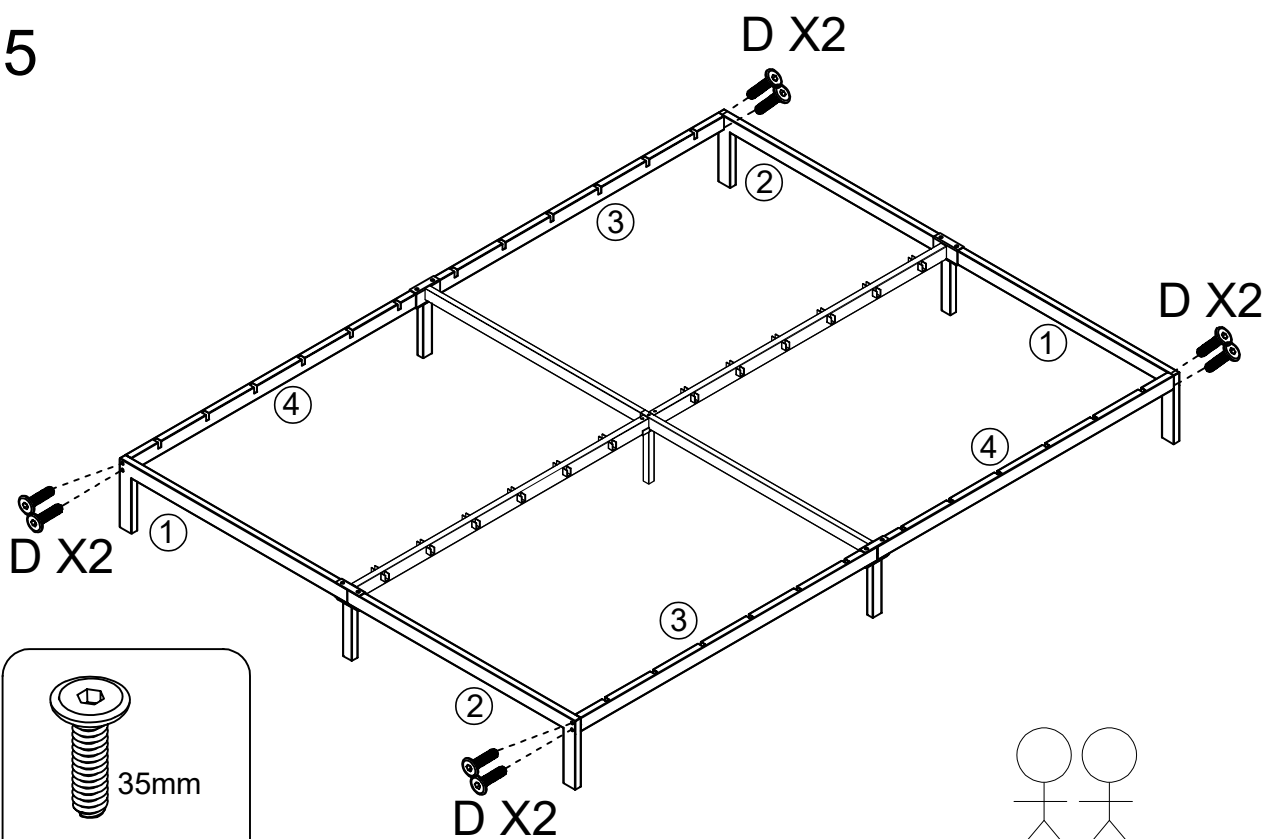

⚠ Ensure that parts 3 and 4 are inserted into each other, and then clip them into fasteners 6 and 7

4

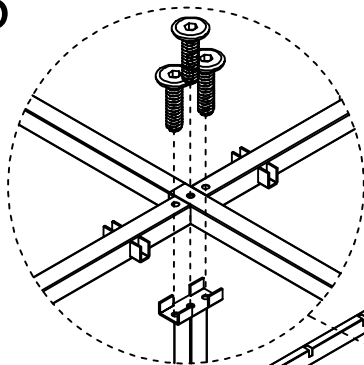

5

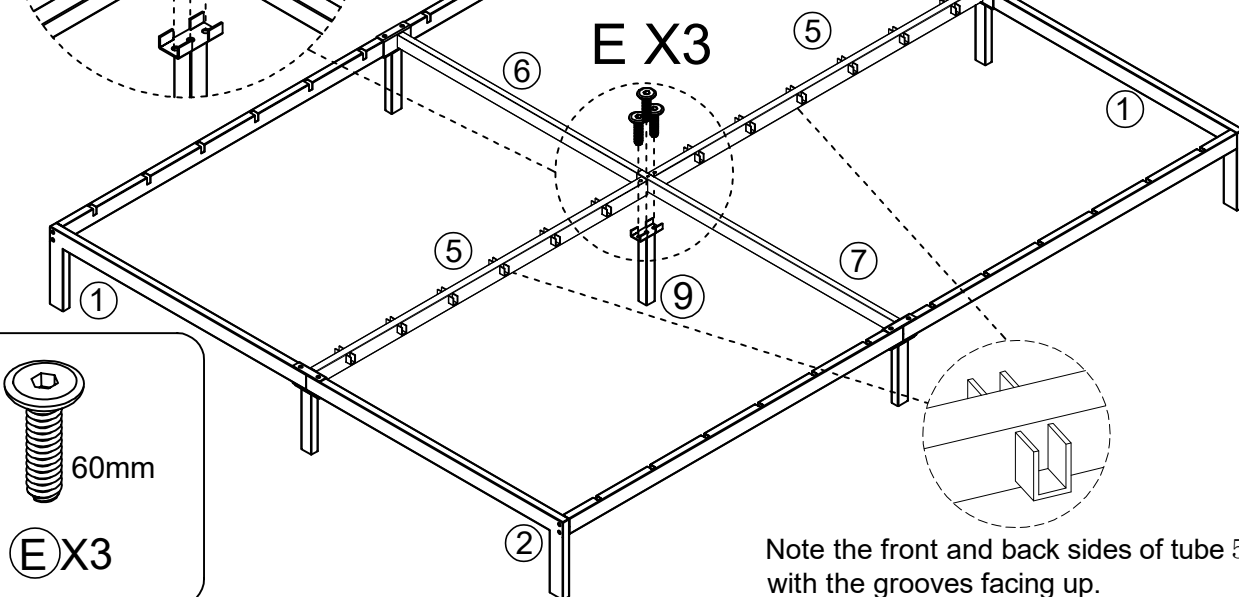

Caution: Install with two people hold and assemble together.

6

E X3

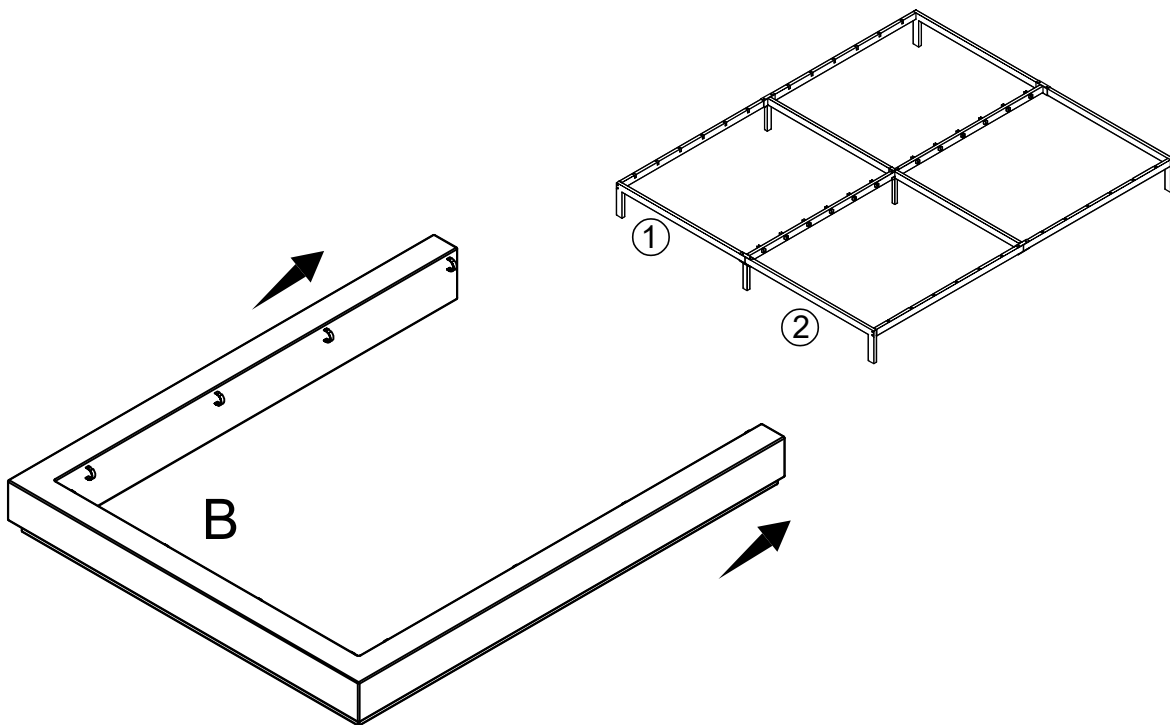

Caution: Install with two people hold and assemble together.

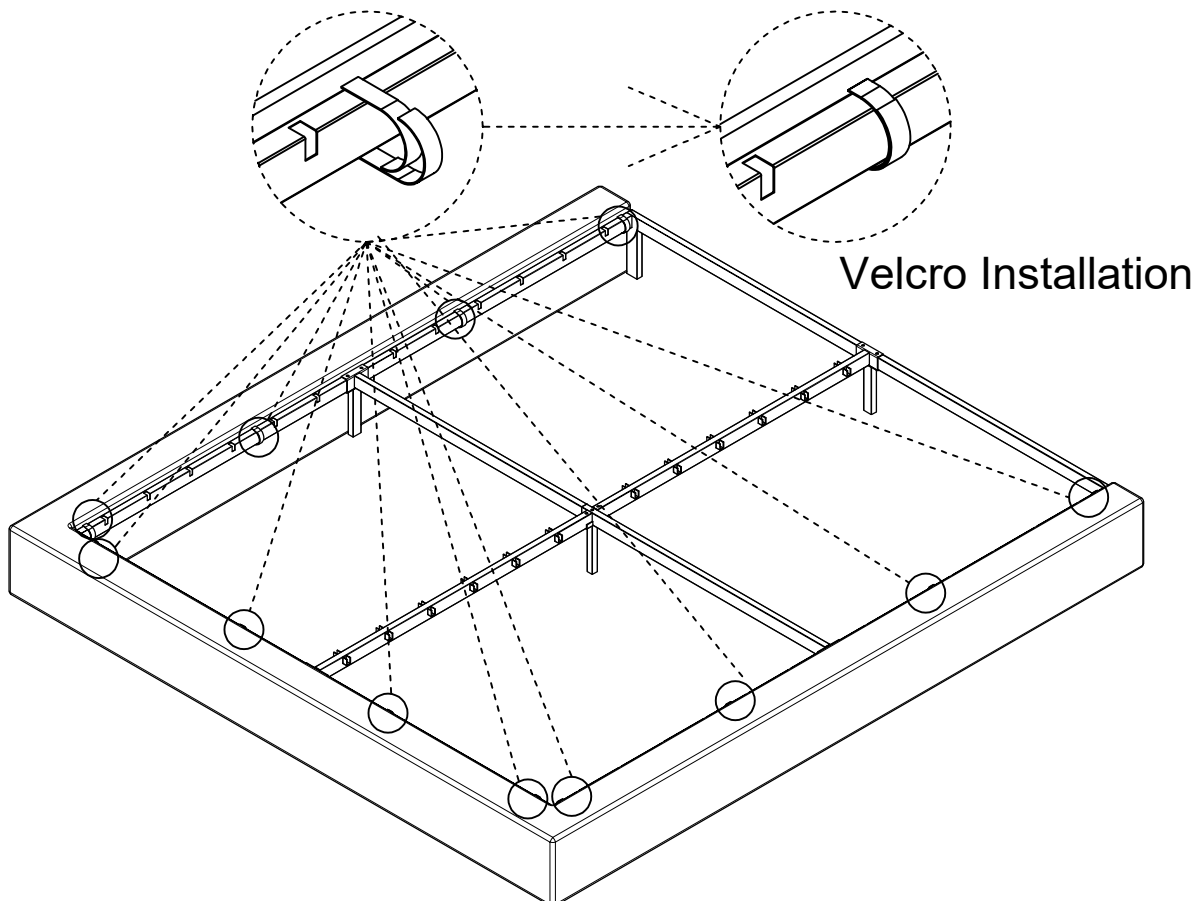

Note the front and back sides of tube 5, with the grooves facing up.

7

Unfold Part B, then install to the bed frame

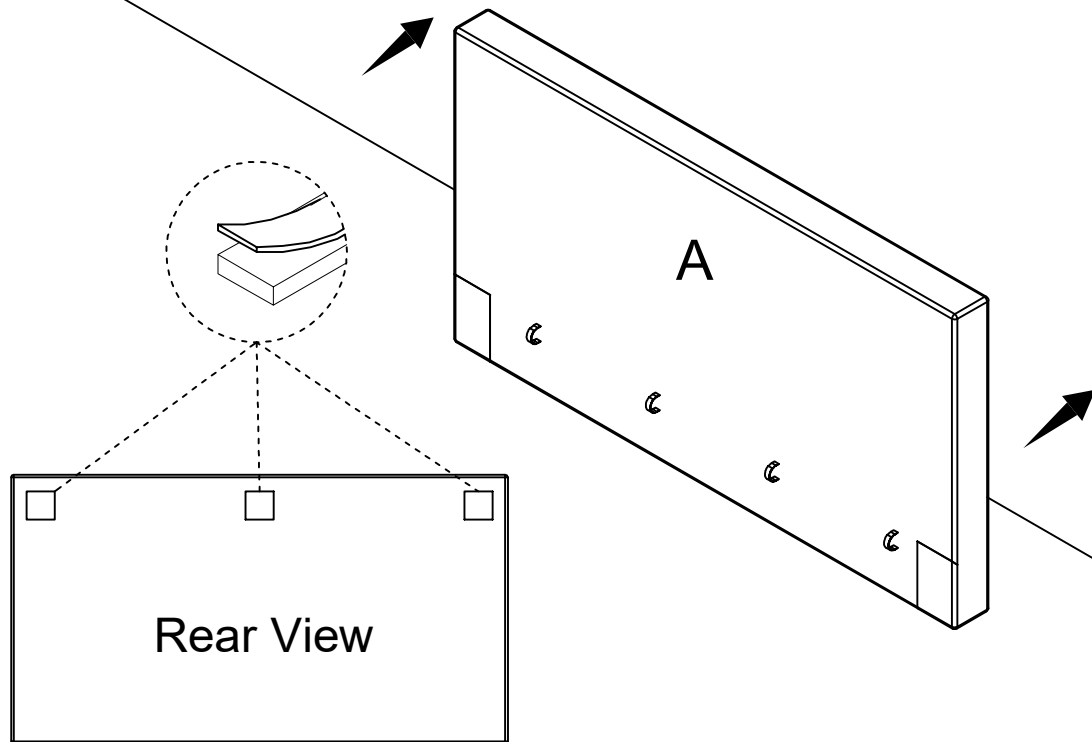

8

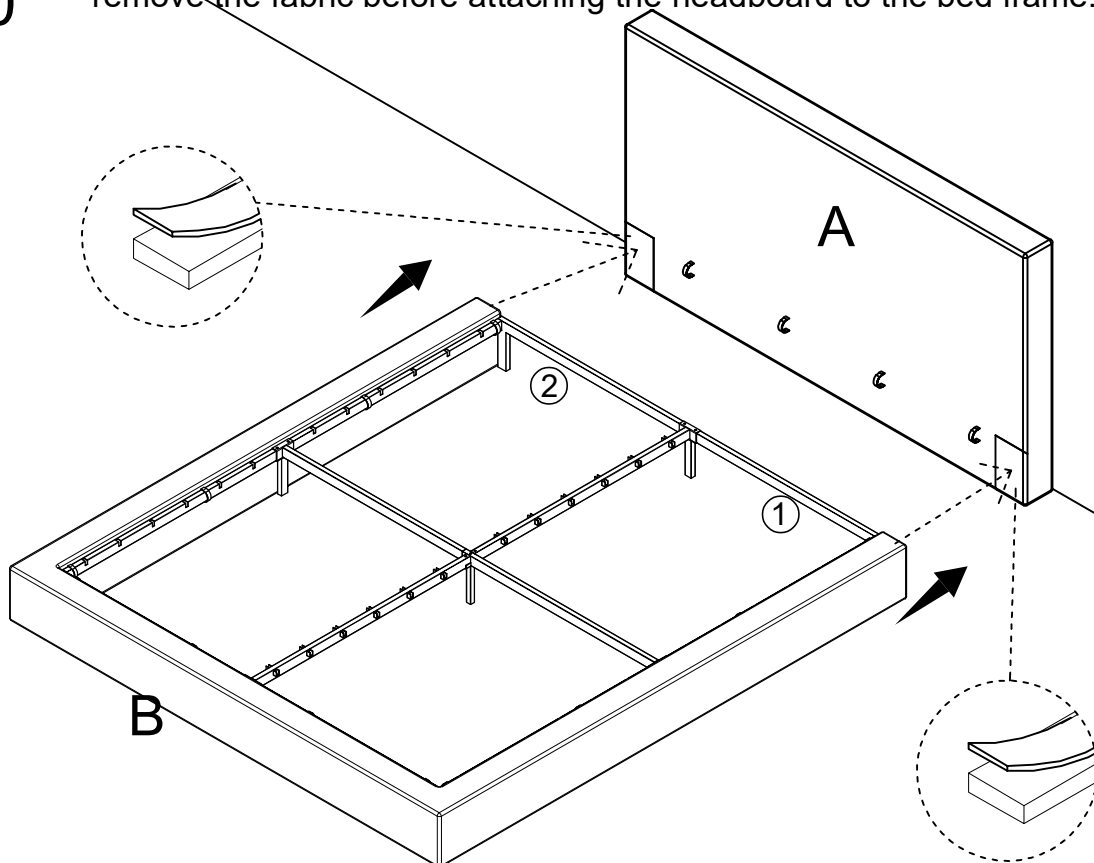

9

Locate a suitable position to install the headboard. When installing the headboard, peel off the three stickers on the top of its back and stick them onto the wall. (Note: Ensure the wall surface is clean and tidy to prevent poor adhesion.)

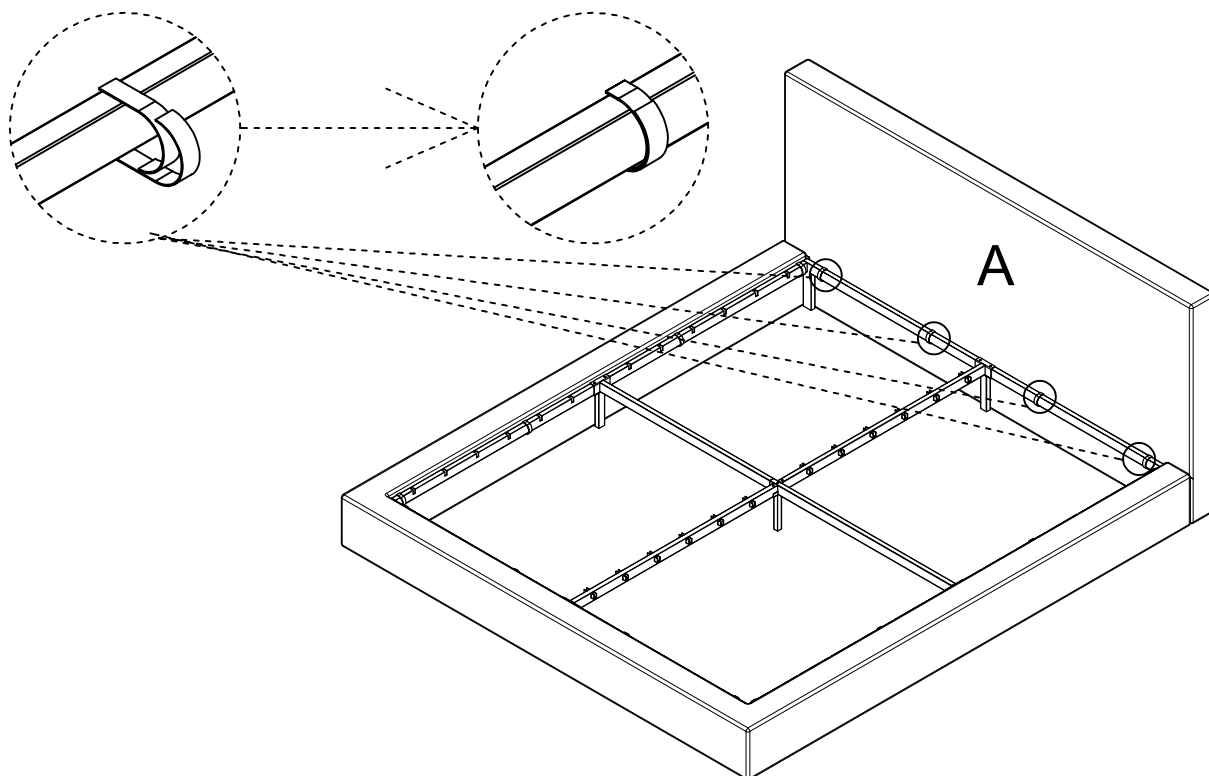

10

Note that the Velcro on the headboard is covered with a protective fabric; remove the fabric before attaching the headboard to the bed frame.

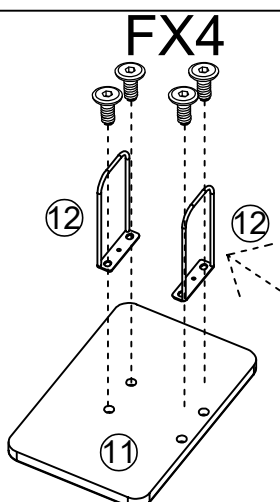

11

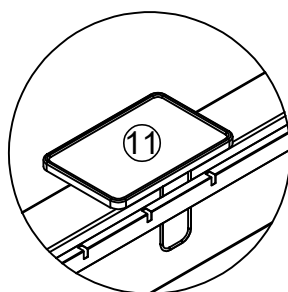

Velcro Installation

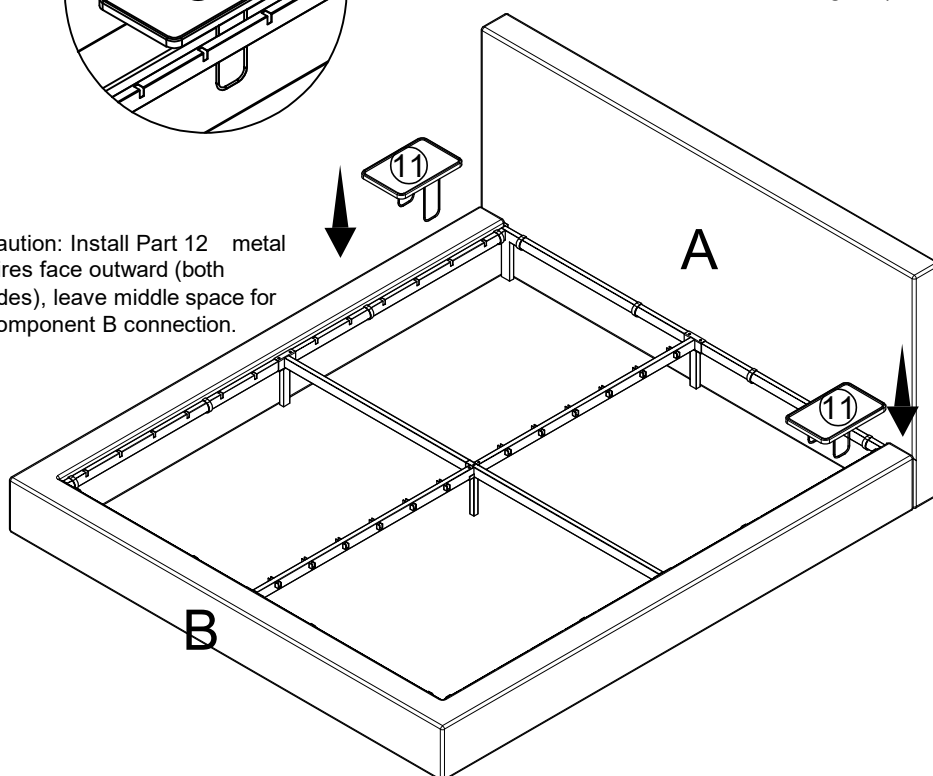

12

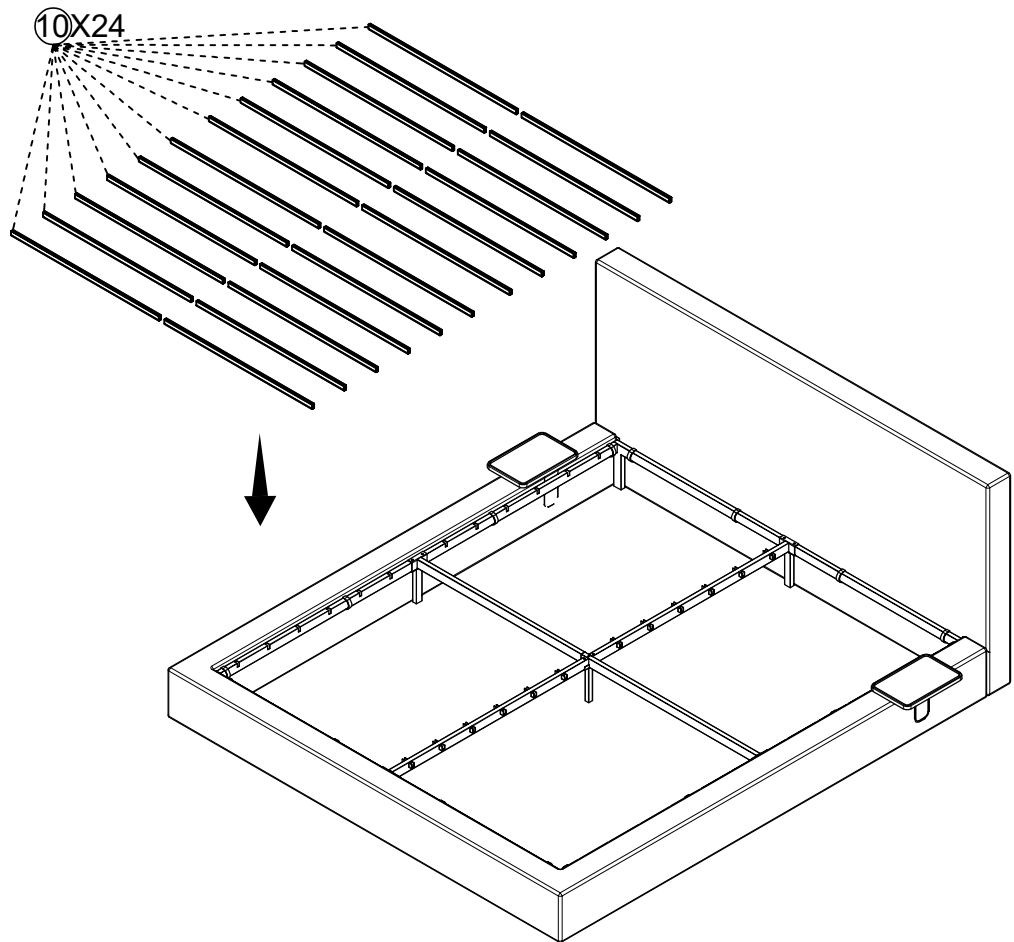

Caution: Install Part 12 metal wires face outward (both sides), leave middle space for Component B connection.

Note that the assembled Part 11 is only inserted into Component B and shall not be connected to the bed frame. (Note: After installation, the wooden boards on both sides shall face the outer side of the bed frame instead of the inner side, as shown in the figure.)
