SAFETY INSTRUCTIONS:

1. Please read the instruction manual before using the lamp
2. To ensure the longer life, please do not install near heat, corrosive or damp place.
3. Installation at the point that no shock, momentum and fire. Do not let it fall from high place and avoid a crash
4. Before cleaning, make sure that the lamp is disconnected from the power supply. Before using the lamp, please check if the lamp is damaged during transport. If the lamp has shown any damage, do not use or install the lamp. Please do not disassemble or repair the lamp yourself

Installation Instructions:

Please check the accessories of the floor lamp carefully before installation

Installation Steps as Following :

1. Fix the tube (B) onto the base (A) , and then fix the tube (C) into the tube (B)
2. Fix the tube (D) into tube (C) , and then fix the tube (E) into the tube (D)
3. Fix the curved tube (F) into the tube (E) , and then use the attached spanner (I) to adjust the direction of the whole lamp at the bottom of the lamp holder. Attention : Please make sure the light head direction matches the base side
4. Put the glass lampshade (G) in the lamp holder , and tighten the ring (H) to fix the lampshade on the lamp holder . And then screw on the E26 bulb (J) into the lamp holder .
5. Connect the plug on the lamp to a power socket , and then turn on the floor lamp. The installation of the whole floor lamp is completed
