Installation Instructions

Wall Sconce

For Model: FAL-5095, 5097

IMPORTANT

- Justice Design recommends that a licensed electrician install this lighting fixture
- Installation must comply with all building, safety, and electrical codes and requirements
- Disconnect power to the junction box prior to installation
- Do not reconnect power until this fixture is properly installed
- This fixture is designed to mount to a standard metal 4-0 octagonal junction box

A.  B. 

Hardware Pack contains:

- A. (2) Mounting Screws
B. (3) Wire Nuts

1

Remove screws, then remove mounting plate from fixture.

Attach the mounting plate to junction box using mounting screws (A).

Note: The side of the mounting plate marked "GND" must face out. **The junction box is not included.**

405 E Euclid Ave • Compton, CA 90222

2

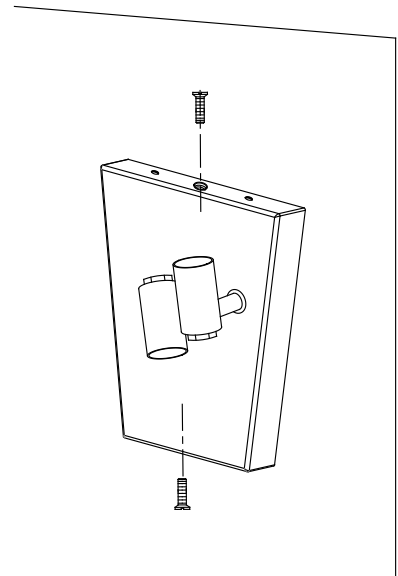

Connect fixture wires to supply wires using wire nuts (C).
Observe polarity: black to power, white to neutral, and bare copper to green ground.

Tuck wires and wire nuts into junction box.

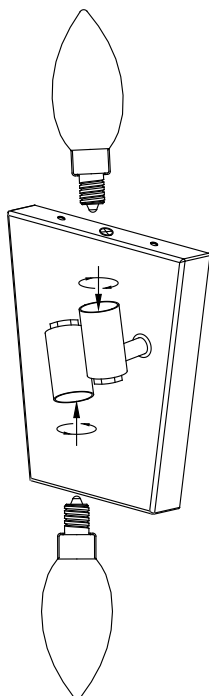

3

Attach fixture to Mounting Plate using screws.

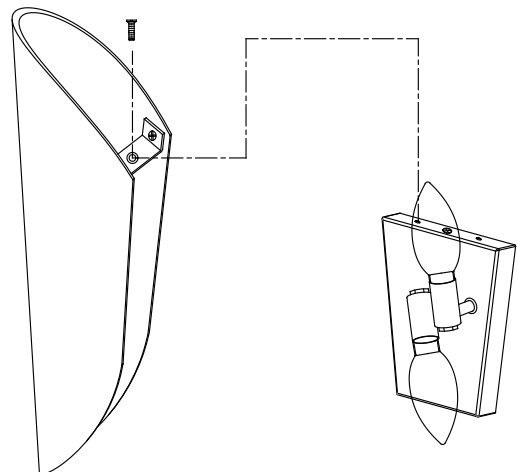

4

Install bulbs (Not included). Take care never to exceed maximum wattage.

5

Attach shade by placing over backplate. Secure with shade screws. Please see the additional enclosed sheet for care instructions.

**Your installation is now complete.
Return power to the junction box
and test the fixture.**
