2*Mounting Screws

1*User Manual

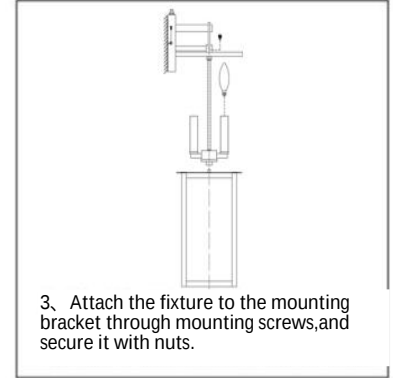

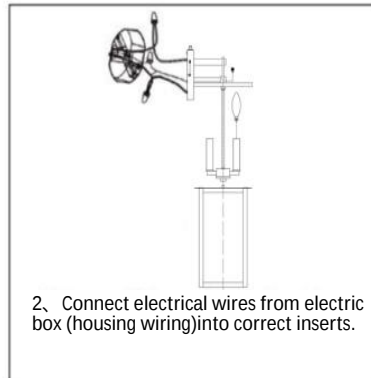

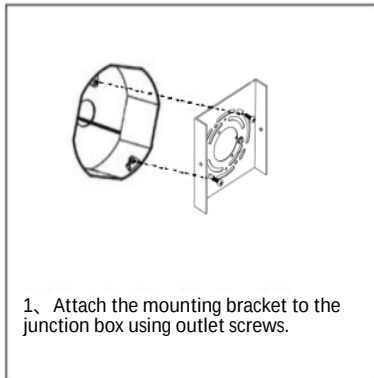

1*Wall Sconce Light

1*Spare Mounting Screw

1*Mounting Bracket

INSTALLATION

Install Steps:

- 1、 Turn off the power at the fuse or circuit box before starting installation.
- 2、 Attach the mounting bracket to the junction box using outlet screws.
- 3、 Connect electrical wires from electric box (housing wiring) into correct inserts.
- 4、 For multiple bare copper (ground), black (live), and white (neutral) wires joined in the electric box (housing wiring). Then, connect the black (live), white (neutral) , ground wire using the supplied wire nuts.
- 5、 Once connections of wires are completed, carefully tuck wires and wire nuts into the electric box making sure no bare wire (on the black and white) is visible at the wire nuts.
- 6、 Attach the fixture to the mounting bracket through mounting screws, and secure it with nuts.
- 7、 Install a bulb (not included). Turn on the power at the main fuse or circuit breaker box.

Note: Electrician when this lamp is installed, the wall seat and the installation surface need to add waterproof silicone adhesive sealant to seal around.
