

Small Digital Lock Box

P008E

The SentrySafe Compact Safe is the perfect solution for “on-the-go” security. Ideal for cars, trucks, dorms, campers and boats, or trips to the beach. It is designed to secure cell phones, wallets, keys, iPods, GPS units and other compact but expensive to replace items that are especially vulnerable to theft. Bring it. Lock it. Leave it.

FEATURES:

- Programmable electronic lock makes this product safe but simple to use with two user codes
- Automatic 20 second time delay after three incorrect entry attempts helps to keep out unauthorized persons
- Two override keys included in case one is misplaced or the code is forgotten
- Steel tethering cable can be attached to any stationary item for increased security
- Durable, solid steel construction protects against the sometimes careless and rough treatment from “on-the-go” situations
- Lightweight and easy to transport, making portable security convenient and effortless
- The efficient size allows for an easy fit in luggage, briefcases or backpacks
- Easy grip handle to make “on-the-go” even easier
- Soft interior lining protects fragile and expensive contents from scratching and damage
- The SentrySafe exclusive “Gentle Close” hinge spring prevents possible injury resulting from unexpected lid closure
- Requires 4 AA batteries (not included)
