Contents:

-6 wooden spoons

-6 wooden eggs

Setup: 2-6 players or teams

Object: To be the first one to cross the finish line with the egg on the spoon.

How to play:

All players line up next to each other, each one holding a spoon with an egg on it with one hand, with the other hand behind their back. The players race to the finish line, trying not to drop their eggs. If a player's egg comes off the spoon and falls to the ground during the race, they can pick the egg up and go back to the starting line to begin again. The first one to cross the finish line wins.

Storage: Ensure the game is clean and dry before storing in a dry place to extend the life of the wood.
