

Open the package, find the installation manual, read it carefully, put on gloves, check if all lamp heads are damaged. After confirming that there is no damage, take out the entire lamp and test it with power to ensure that it works normally. (Do not install the crystal lamp body during the test) Install according to the installation steps in the manual

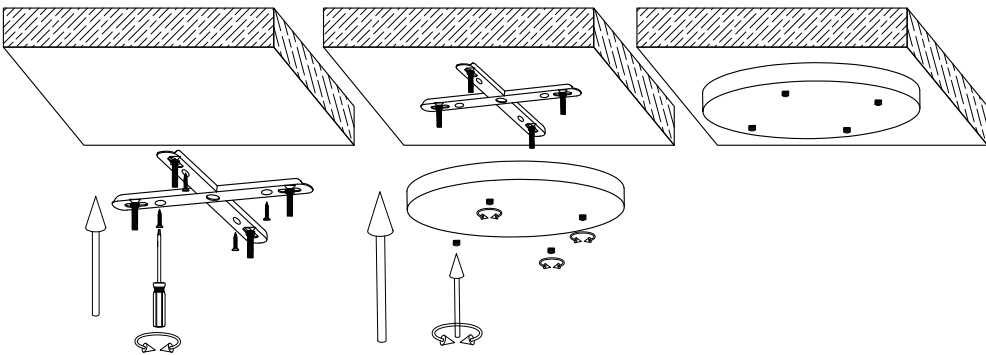

Install the reinforced cross hanging board onto the ceiling and conduct a load-bearing test to ensure it is securely installed before proceeding to the next step of installation

Install the entire lamp that has been tested for power on onto the securely installed cross hanging plate. If the lamp is heavy, more people are needed to help install it. When connecting the wires, please confirm whether the power has been cut off, tighten the hanging plate nut, and finally wipe the surface of the lamp panel clean. After turning on the power and

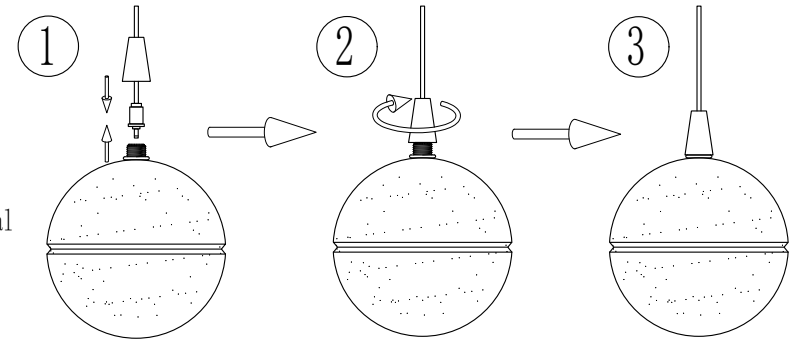

The final step is to install the lampshade. Please refer to the installation diagram of the crystal lamp body. After installation, adjust the height of the lamp body according to the shape and press the switch to turn on the power. The beautiful lamp will be displayed in front of you.

## Lighting Installation Instructions

### PREPARATION

- Consult a qualified, licensed electrician to ensure correct branch circuit conductor.
1. Shut off the power at the circuit breaker and remove existing fixture, including the crossbar.
  2. Carefully unpack your new fixture and lay out all the parts on a clear area. Be careful not to lose any small parts necessary for installation.

- Please read all included assembly instructions and warnings carefully before installation. Contact Customer Service if you have any questions or concerns. Before installation, please confirm that the fixture is compatible with your supply voltage and dimming system, if present.
- LEDs are highly sensitive electronic devices, and must be treated with care. Do not open any factory sealed compartments, and avoid touching the LEDs with your hands or any object.

PLEASE CONFIRM THE TYPE BEFORE INSTALLATION
