### Walk on the wild side

Bold doesn't begin to describe the Angela Harris Wilder Tikida Décor Mural 8x8 Matte Ceramic Tile. Flora and a stylized flamingo are depicted in a matte finish with small, glossy flourishes. This 25-piece collection is statement-making because of its size and intriguing, thanks to its handmade look. The exclusive Angela Harris design recreates the look of a hand-painted mural in ceramic.

### Botanic garden of delights

Get in touch with your wild side with this exclusive collection by Angela Harris for TileBar. Wilder fuses art with nature, and porcelain with red body ceramic; the unique collection is made in Spain. Inspired by tropical and botanical patterns found in nature, Harris designed Wilder so its 8-by-8-inch tiles create a mural-like effect when installed together. Bits of shine enhance the matte finish in this collection, which is recommended for wall installations.

### **Inspired by nature with a designer's touch**

A unique glaze transforms Wilder's classic porcelain and ceramic tiles with light and dimension. Along with the appearance of brushstrokes and imperfectly defined lines, the artful effect lends a distinctive handmade look to the tiles in this collection. Every tile is thoughtfully designed by Angela Harris and made in Spain to our specifications.
