Remote control

You can use the remote to control the light. The LED lamp can only be used after the power supply is connected.

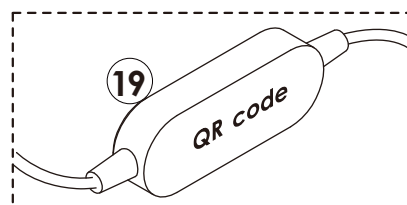

NOTE: The square part of the receiver ①9 needs to be exposed to air in order to better control the LED light.

Please scan the QR code on the manual/controller and install the application.

Step1: Please make sure your phone has Bluetooth enabled.

Step2: The LED light will automatically connect to the APP.

Thanks Gracias!
