## Notes

1. The product does not come with glue, so you will need to prepare it yourself. Please apply the glue evenly.
2. The diameter of the corner shower rod is 1inch/2.5cm. Please note that when buying a shower curtain, the diameter of the hook must be larger than 1inch.
3. Scratches or black marks on the stainless-steel tube caused by the collision during transportation do not affect the use of the product.
4. Please wear gloves when you handle sharp-edged stainless steel rods.
5. Please measure the length and width of the space before purchase.

6. It's recommended to wait for 3 days before hanging the curtain(not included) on it.
7. Please don't remove the black plug at the end of the straight rod and don't lock the fixed straight rod too hard.
8. The gypsum wall is not suitable for drilling installation.
9. Please allow the slight color difference caused by the shooting light and 1-3cm error due to manual measurement, and make sure you do not mind before ordering.
