Before You Start

- ⦿ Please read all instructions carefully.
- ⦿ Retain instructions for future reference.
- ⦿ Separate and count all parts and hardware.
- ⦿ Read through each step carefully and follow the proper order.
- ⦿ We recommend that, where possible, all items are assembled near to the area in which they will be placed in use, to avoid moving the product unnecessarily once assembled.
- ⦿ Always place the product on a flat, steady and stable surface.
- ⦿ Keep all small parts and packaging materials for this product away from babies and children as they potentially pose a serious choking hazard.

Hinges

1. To unlock the hinges simply move the handle to the "O" unlock position (see diagram) and then fold the ladder section inward.
2. The hinges will automatically lock into position once the ladder is unfolded.
3. Always check that all hinges are securely locked into position before using the ladder.
4. Each pair of hinges must be locked simultaneously.
5. It is extremely dangerous to attempt to alter the positioning of the ladder, hinges or operating joints while the ladder is in use.
6. Always keep the joints clean and free from all foreign materials, it is advisable to cover the joints during exceptionally messy jobs.

L-LOCK
O-UNLOCK

HINGES WILL LOCK
FIRMLY IN PLACE

CAUTION

To open the ladder section:
Place the locking pin (black) to the "O" position.
The hinge is locked when in the "L" position.

IMPORTANT :Stabilizers must be fitted before use

Assembly Instructions

- 1.Place the stabilizer bar into the end of the side rails (see diagram).
- 2.Secure the stabilizer bar with the nut and bolt.

Care&Maintenance

- 1.The hinges should be lubricated with a good quality lubricant to ensure mobility.
- 2.The hinges should be cleaned after use especially when the hinges have been subjected to dust or dirt.
- 3.Clean the area,or wash with warm water. However should water be used on the hinges,please remember to re-lubricate after drying.

Important: This ladder should never be used if any part is missing,damaged or worn.

Following the above instructions will help to maintain your appliance and ensure its maximum lifespan.
