# ASSEMBLY INSTRUCTIONS
## ARMLESS CHAIR

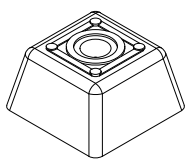

Legs and hardware are stored inside the bottom compartment of the armless chair, please take them out for assembly. Note: Do not use power tools for assembly. Power tools increase the risk of over-tightening, which may lead to splitting or cracking the wood.

## Care Instructions for Chenille Furniture:

In order to maintain the original appearance of your chenille furniture, please follow the simple care procedures below:

- Avoid exposing furniture directly to sunlight or heating and air conditioning outlets.
  Sunlight and/or exposure to heating and air conditioning outlets will fade/damage chenille.
- Regularly vacuum or wipe with a soft cloth to remove dust.
- Fasteners may loosen over time. Periodically check to make sure all connections are tight. Re-tighten if necessary

⚠ For item use on wooden floor, hard surfaces or carpets, it is recommended to attach protective pads under all legs and supports to prevent damage/scratches and discoloration.
