

7.1) Attach the Leg Support Bar(D) to Back Support Bar(B) and Seat Panel(C) using Bolts((1)) with Allen Key((2)) as shown above.

7.2) Attach the Leg Support Bar(D) to Seat Panel(C) using Bolt(1) with Allen Key(2) as shown above.

Do not fully tighten Bolts.

Stand the Sofa up.

Place the Sofa on a LEVEL SURFACE.

Inspect it and make sure all parts are adequately connected.

Gently and carefully, sit onto to the Sofa.

This will help to align all parts at all the joints.

Then get off the Sofa, and in a sequential manner, proceed to tighten all Bolts.

When tightening the Bolts, tighten sequentially.

DO NOT tighten any Bolt fully and then move on to the next one.

This may cause the frame to warp.

If there are still wobbles, loosen the Bolts and execute the same process. If the Sofa is not stable it could lead to damage to the product.

Note: This step is done best with the assistance of a second adult.
