# Welcome to Stevens I.D.SYSTEMS®!

Are you frustrated by the inability to find storage solutions that can be obtained in a timely manner and still fit your budget? I.D.SYSTEMS® is the answer!

A true "system" of storage units that fill the need for multiple applications, I.D.SYSTEMS® lets you create truly unique configurations to fit your storage requirements in an efficient and attractive manner.

Quality construction, backed by over 60 years of manufacturing experience, combined with an expansive array of color choices, provide the means for storage solutions that are not only attractive and functional but will also last for years to come.

State-of-the-art manufacturing methods and leading edge materials provide top notch quality at an affordable price.

**I.D.SYSTEMS®...the complete solution for all your storage needs.**

# Science

CABINETRY SOLUTIONS FOR LEARNING ENVIRONMENTS

## Attractive

Science furniture from STEVENS I.D.SYSTEMS® is designed for an active laboratory environment. Whether in an educational facility or a professional setting, STEVENS I.D.SYSTEMS® is an ideal addition with its combination of function and style. Science furniture is available in rich A-tech woodgrains with contrasting Laminate, Phenolic or Epoxy worksurfaces to create an attractive learning environment.

## Functional

Complete offering of Base, Wall and Tall cabinets allows custom configurations to fit your specific space needs. Worksurfaces available in multi-cabinet lengths to avoid gaps between cabinets. Specialty pieces, such as the 10- and 20-microscope cabinets, create optimal storage for equipment and projects. Several table designs provide the instructor a clear view to the work area, with all students facing forward.

## Durable

Stevens has been providing cabinetry and storage solutions for more than six decades! Quality construction begins with 3/4" thick components with A-tech surface finishes and matching impact resistant edges. A-tech surfaces meet the requirements of the Scientific Equipment and Furniture Association SEFA 8 Cabinet Surface Finish Tests. A-tech is ideal for educational and commercial laboratory environments. This durable surface is specifically designed to withstand the rigors of the lab environment and resists scuffs, spills and stains. STEVENS I.D.SYSTEMS® products are guaranteed free of defects in materials and workmanship for five years.

## Easy to Install

Cabinets come fully assembled. Tables have pre-mounted apron rails. Steel legs attach with twin metal gussets for added strength and durability.

MADE IN THE U.S.A.

### Eco Friendly Powder Coat Baked On Finishes

Grade 1 hinges, pulls and metal components.

### Drawers

3/4" full box drawers with dowel joints and trapped bottoms. 100# capacity slides with powder coat finish.

### Radius Edges and Corners

Edges are 3mm high impact solid extrusion materials.

### 6-Tumbler Locks

Greater security dead bolt mechanism.

### Shelf Supports

Double pin shelf support with retaining tabs. Extra center back support on 36"-wide units.

### Framed and Sliding Display Doors

Safety tempered glass.

NOTE: Tall, non-mobile units must be securely anchored to building structure.

### Precision Dowel Pin Construction

3/4" material and precision dowel pin structural joinery. Composite panels from recycled and reclaimed materials.

## A-tech Surface ... a Standalone for Educational Laboratory Environments

A-tech is an exclusive Stevens engineered high heat setting resin surface on composite particleboard core, embossed with a woodgrain look, available in solid colors and woodgrain patterns. It provides a non-porous, moisture-resistant facing, not susceptible to separation or delamination. A-tech meets the requirements of Scientific Equipment and Furniture Association SEFA 8.0 Section 8 Cabinet Surface chemical finish testing and demonstrates performance superior to typical wood finishes on the market.

### A-tech Surface Cabinet Colors

*Matching exterior/interior – Open Grain finish*

*Color selections shown are printed reproductions. Actual colors may vary.  
 Not all designs are shown at 100% scale. Samples available upon request.*

#### Open Grain Finish

*With a low luster patina, Open Grain features deep, linear grain patterns.*

84300 Z36

### 84302

#### STORAGE CART

Double door compartment. (2) adjustable  
shelves. Includes lock and black laminate top.

36W x 36H x 24D

84302 K36

#### Casters

Casters are bolted to steel reinforcing channels with end bolts extending through the bottom channel and panel into a cross-locking nylon insert on all four bottom corners. This stable and rigid structure withstands rolling over uneven floors and thresholds. Four large 5" swivel casters (two with tread locking brakes) installed for easy rolling and tough duty.

### 84310

#### BIN CART

Open bin cart.  
(24) translucent bins  
(12¼Wx3Hx16¾D).  
Includes black laminate top.  
44W x 47H x 20D

84310 Z47

Extra strong translucent polypropylene bins with reinforcing ribs to prevent distortion when heavily loaded. Flat bottom for easy cleaning. 12¼Wx3Hx16¾D

### 84312

Instructor Island with  
Compact Island Desk Extension

**Left and Right Hand Island  
Desk Extensions can be  
added to same-depth  
Instructor Islands.**

(see page 28)

**Island Desk Extensions are designed  
for attachment to same-depth  
Instructor Islands.**

(see pages 26-27)

### 84154

#### COMPACT ISLAND DESK EXTENSION - RIGHT HAND DRAWERS – 24D

Flat top desk extension. Locking drawers and letter file on right hand side. Modesty panel. Includes worksurface top and black base molding. Some assembly and installation required.  
48W x 30H x 24D

With 1" Chemical Resistant Laminate Top:	84154 K30	<table border="1"><tr><td>CABINET COLOR CODE</td><td>WORKSURFACE COLOR CODE</td></tr><tr><td>---</td><td>---</td></tr></table>	CABINET COLOR CODE	WORKSURFACE COLOR CODE	---	---	21

### 84210

#### BENCH MOUNT FUME HOOD

Requires 30" deep counter surface.  
Unitized construction.  
Beige powder coat finish.  
U.L. Polyresin liner.  
Full-length finger lift shaft drive sash.  
T-8 fluorescent light.  
Louvered front by-pass.  
Blower not included.  
Requires minimum 920 CFM .25 SP blower capacity at hood inlet collar.  
48W x 56H x 30D

84210

### 84212

#### FUME HOOD ASSEMBLY

Includes 84210 fume hood.  
6x3x4D cup sink.  
Cold water gooseneck faucet.  
Single turret gas valve.  
Fume hood base cabinet with double doors.  
(1) GFI outlet.  
96" minimum ceiling height for sash.  
Blower not included.  
Requires minimum 920 CFM .25 SP blower capacity at hood inlet collar.  
Includes black epoxy top and black base molding. Some assembly and installation required.  
48W x 92H x 30D

84212 J92

## Accessories

### 84485

#### APPARATUS ROD ASSEMBLY

Fits all student tables and instructor islands.  
Includes:  
(2) 36" uprights (3/4" dia.).  
(2) cross clamps.  
(1) 36" crossbar (3/4" dia.).  
36W x 36H x 00D  
84485

### 84480

#### BLACK BASE MOLDING

For base, tall and base-hutch combo units.  
20' roll, self adhesive.  
84480

### 84482

#### ADHESIVE FOR EPOXY SINKS

Stevens Industries, Inc., the manufacturer of Stevens I.D.SYSTEMS®, is committed to environmental/sustainable responsibility. From our well-informed choice of materials to our state-of-the-art manufacturing, I.D.SYSTEMS' final products are assured to be safe and environmentally friendly. Attributes include — but are not limited to:

**Architectural Woodwork Institute (AWI):**

Architectural Woodwork Institute (AWI) was established in 1954 for producers of custom millwork. Since its inception, the group has dedicated its resources to improving architectural woodwork industry standards through education and collaborative efforts by its members. AWI members offer customers the added assurance that the manufacturer is knowledgeable of, and adheres to, the industry's high standards. We're proud to be a long-standing AWI member. [www.awinet.org](http://www.awinet.org)

The Architectural Woodwork Institute Quality Certification Program (AWI QCP) has been available since 1995. This program has been recognized by architects, designers and specifiers as the authoritative source of guidance on fine architectural woodwork. It offers an increased level of consumer protection in architectural woodwork sections of construction documents and allows designers and specifiers to include a total quality management mechanism for woodwork in project documents. [www.awiqcp.org](http://www.awiqcp.org)

**UL GREENGUARD Certification:**

Stevens Industries, Inc. is proud to be one of the few casework, millwork and panel laminators to have achieved GREENGUARD Gold Certification for our products. Our high-quality laminated products have been engineered to meet stringent green standards. GREENGUARD Gold Certification (formerly known as GREENGUARD Children & Schools Certification) maintains stringent certification criteria, considers safety factors to account for sensitive individuals (such as children and the elderly) and ensures that a product is acceptable for use in environments such as schools and healthcare facilities. It is referenced by both The Collaborative for High Performance Schools (CHPS) and the Leadership in Energy and Environmental Design (LEED) Building Rating System.

**Forest Stewardship Council (FSC):**

FSC® (Forest Stewardship Council®) certification ensures that products come from responsibly managed forests that provide environmental, social and economic benefits. FSC Trademark License Code: FSC-C014934. Ask us about our FSC products!

[www.fsc.org](http://www.fsc.org)

**American Institute of Architects (AIA):**

Since its inception in 1857, the American Institute of Architects (AIA) has served as a resource for members and a voice of the industry. The AIA sponsors continuing education for those in the field, sets industry standards in contract documentation, and conducts market research and analysis. AIA celebrates the artistic designs of its members and recognizes their work through an awards program. [www.aia.org](http://www.aia.org)

**American Society for Quality (ASQ):**

American Society for Quality (ASQ) is the world's leading membership organization devoted to quality. When ASQ says "quality" they mean best practices, continuous improvement, and tapping the full power of knowledge. [www.asq.org](http://www.asq.org)

**Construction Specifications Institute (CSI):**

Construction Specifications Institute (CSI) is a national association of specifiers, architects, engineers, contractors, building materials suppliers and others involved in commercial and institutional building design and construction. The organization has 145 chapters and more than 16,000 members. CSI provides technical information and products, continuing education, professional conferences, and product shows to enhance communication among all disciplines of building design and construction, and to meet the industry's need for a common system of organizing and presenting construction information. [www.csinet.org](http://www.csinet.org)

**National Association for the Education of Young Children (NAEYC):**

The National Association for the Education of Young Children (NAEYC) is dedicated to improving the well-being of all young children, with particular focus on the quality of educational and developmental services for all children from birth through age 8. NAEYC is committed to becoming an increasingly high performing and inclusive organization. [www.naeyc.org](http://www.naeyc.org)

<90ppm lead content standard under Consumer Product Safety Improvement Act (CPSIA)

Exceeds California Air Resources Board (CARB) 2 requirements

Complies with California's Prop 65
