

Drying Rack

A 1 ea
Left side frame

C 16 ea
Horizontal tubes

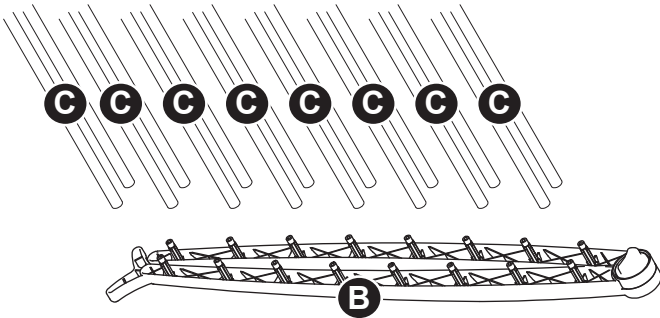

B 1 ea
Right side frame

**Assembly
Time:**
Less than
15 minutes.

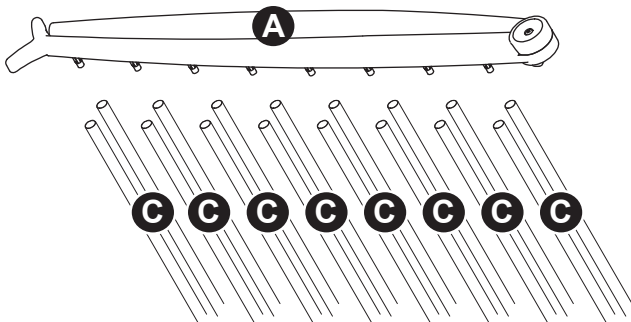

This product is for
drying clothes

Tools Needed: No tools required.

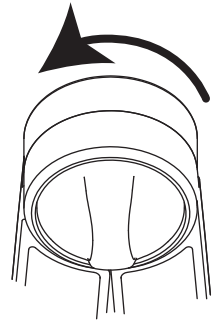

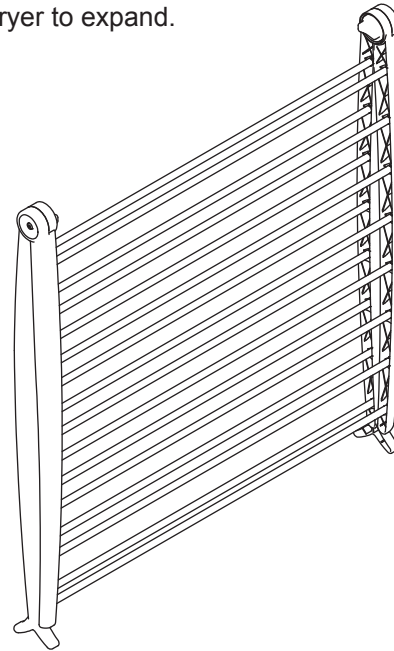

STEP 1. Place right side frame (B) on a flat surface (floor). Insert horizontal tubes (C) into side frame.

STEP 2. Place Left side frame (A) on onto top of horizontal tubes aligning the tube ends with holes on side frame. Press until snug.

STEP 3. Orient the assembled drying rack upright. Turn the knob on each side counter clockwise to allow the dryer to expand.

STEP 4. Once expanded turn the knob back clockwise to lock into place.
