

Grid Iron Works Wall Clock 625625

Through the Grate: It's the unique timepiece that captures attention at a glance. That's certainly the case with this distinctive and oversized wall clock that boasts a commanding presence thanks to the protective grate covering the dial. While its size alone makes it a standout, its other features transform it into a piece worthy of a spot in any room. It evokes a vintage look thanks to its aged accents, yet fits nicely into a transitional space, too.

All In The Details: It's the little things that make this antique wall clock so eye-catching. Take in the unique dial, which is finished in aged off-white with aged black Arabic numerals alongside aged brown hour and minute hands. A separate seconds track has a dark red hand that sits above the 6 marker. The entire dial is covered by metal wire mesh. This metal wall clock captures that traditional aesthetic perfectly.

Quartz Movement: Quartz movement requires two AA batteries.

Howard Miller: Founded in 1926 and still family-owned in its third generation, Howard Miller is the world's leading clock company and a respected brand name in fine specialty furnishings such as curio cabinets, wine & bar furnishings, custom storage cabinets, and SmartMoves® adjustable height desks.
