Bedside Table

Assembly Guide

EasyBuild Design, powered by ovvo. Less assembling, more living.

IMPORTANT: please read these instructions fully before starting assembly

**SAFETY AND
CARE ADVICE**

NO POWER TOOLS

- Check you have all the components and tools listed
- Remove all fittings from their bags and separate into groups
- We do not recommend use of power tools - this could damage the unit. Only use hand screwdrivers and Allen keys
- Keep children and animals away from the work area, small parts could cause choking if swallowed
- Make sure you have enough space to lay out the parts before starting
- Assemble the item as close to its final position (same room) as possible
- Do not over tighten the nuts to avoid damage to the threads
- Only clean using a damp cloth and mild detergent. Do not use bleach or abrasive cleaners
- Do not allow children to climb or play on this product. From time to time, check there are no loose screws in this unit
- This product should not be discarded with household waste. Take to your local authority waste disposal centre
- Unless otherwise stated, this product is designed for domestic use and is not certified for commercial or contract settings

WHAT'S IN THE BOX

Note: the quantities are the correct amount to complete the assembly. In some cases more fixings may be supplied than are required.

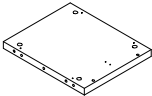

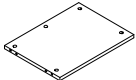

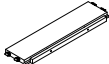

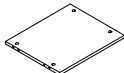

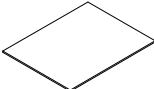

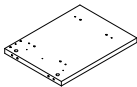

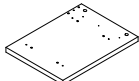

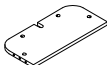

Getting to know your product:

WHAT'S IN THE BOX

Note: the quantities are the correct amount to complete the assembly. In some cases more fixings may be supplied than are required.

Parts Key:

Label	Part Name	Image / Drawing	Quantity	Label	Part Name	Image / Drawing	Quantity
1	Top Panel		1	9	Drawer Left Side		1
2	Corner Rail		2	10	Drawer Right Side		1
3	Shelf		1	11	Drawer Back		1
4	Bottom Panel		1	12	Drawer Base		1
5	Left Side Panel		1				
6	Right Side Panel		1				
7	Back Panel		1				
8	Drawer Front		1				

WHAT'S IN THE BOX

Note: the quantities are the correct amount to complete the assembly. In some cases more fixings may be supplied than are required.

Hardware Key:

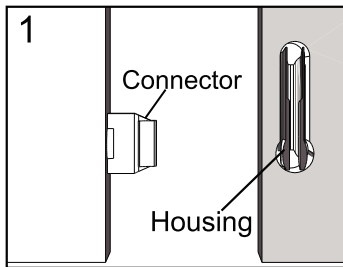

Label	Hardware Description	Image / Drawing	Size(mm)	Quantity
A	Cam Bolts		ø7x34mm	21
B	Cam Nuts		ø15x12mm	21
C	Small Dowels		ø8x30mm	18
D	Large Dowels		ø10x40mm	6
G	Screws		ø5x15mm	6
H	Left Slide		250mm	1
J	Right Slide		250mm	1
K	Metal plate		35x18x2mm	4
L	Screws		ø3.5x15mm	8
M	Felt Pad		ø20x5mm	4
N	L-Bracket		80x30x15mm	1
Q	Screws		ø4x14mm	2

Note:

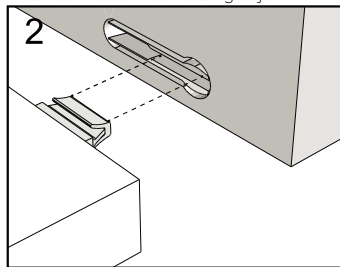

- Use a clear, flat surface to avoid bumps or scratches before assembling.
- Insert all fixings loosely at first to allow for alignment; only tighten them once everything is properly positioned, as some adjustment may be required.
- Avoid over-tightening, as this may damage the parts.
- Seek assistance when moving large or heavy parts

Fitting Assembly Instructions

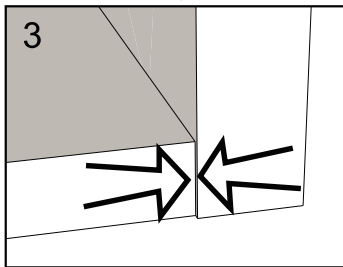

Assembly

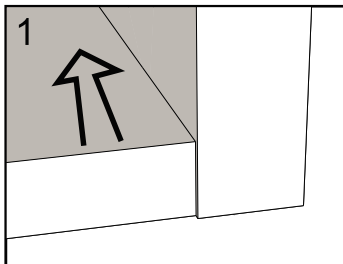

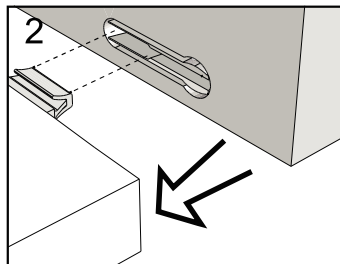

Push connector into housing to join.

Make sure there is no gap between the panels.

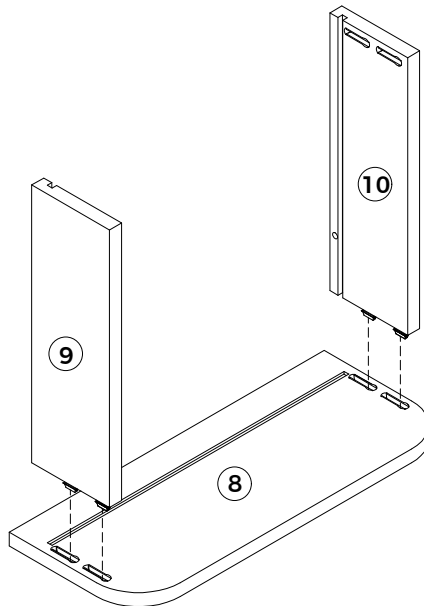

Disassembly

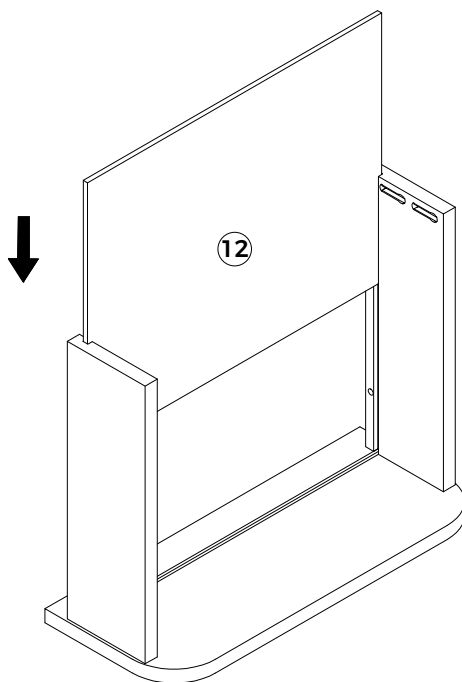

STEP 1

Attach Drawer left side [9] and Drawer right side [10] to drawer front [8] as shown.

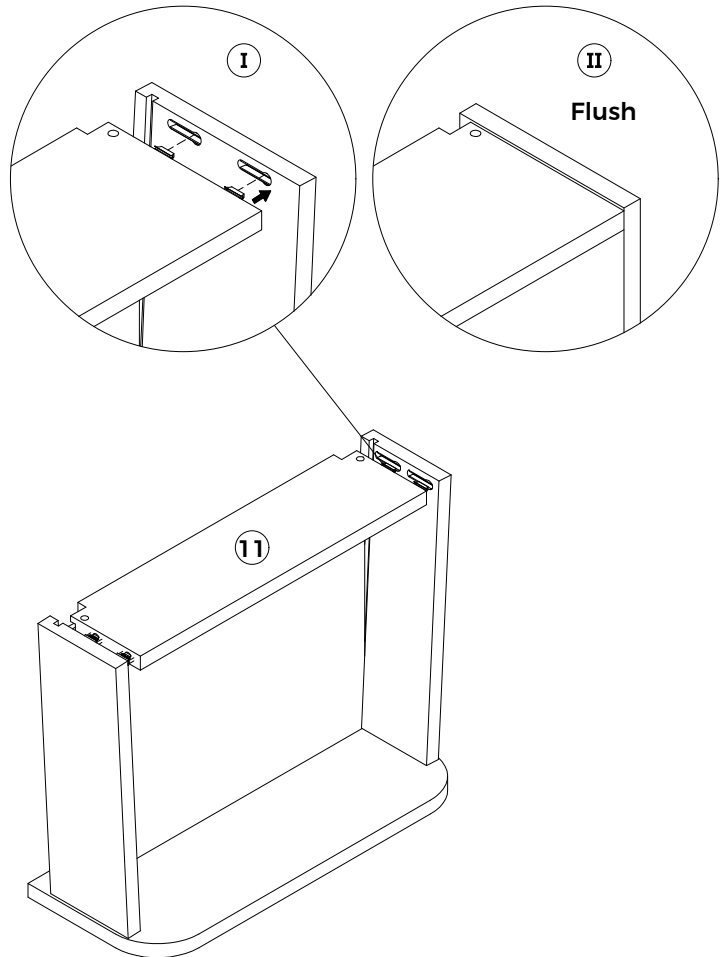

STEP 2

Slide drawer base [12] into the grooves on drawer side and drawer front panel as shown.

STEP 3

Attach Drawer back [11] to drawer side panels as shown.
Ensure Drawer back panel [11] is fully slotted into the grooves.

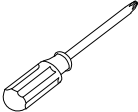

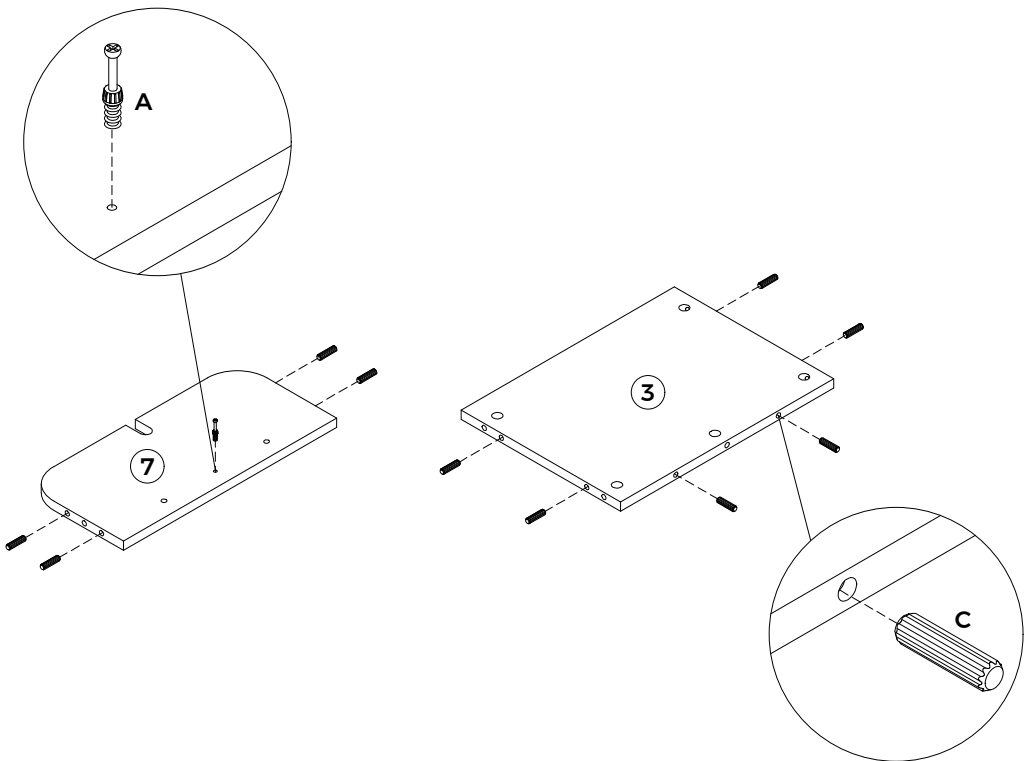

STEP 4

Insert 10 x small dowels [C] to Shelf [3] and Back panel [7] as shown.

If needed use a mallet to gently tap the dowels into place.

Screw 1 x cam bolt [A] into Back panel [7] as shown, tighten with a Phillips head screwdriver.

			
	A 1PC	C 10PCS	

STEP 5

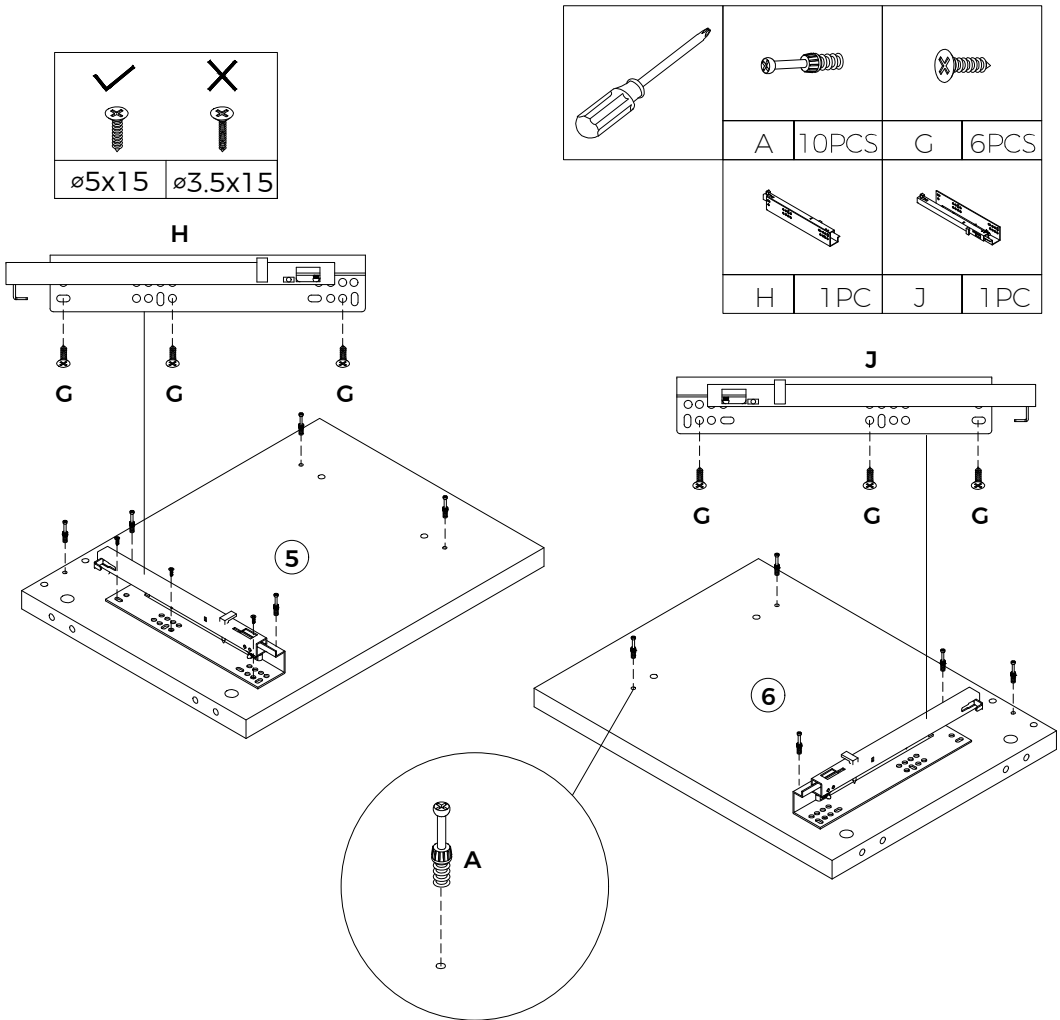

Attach Shelf [3] onto Back panel [7] as shown.

Insert 1 x cam nut [B] into Shelf [3]. Turn cam nuts clockwise to lock using a flat head screwdriver.

STEP 6

Attach 1 x left slide [H] to Left side panel [5] with 3 x screws [G] as shown.
 Attach 1 x right slide [J] to right side panel [6] with 3 x screws [G] as shown.
 Screw 10 x cam bolts [A] into Left side panel [5] and Right side panel [6],
 using a Phillips head screwdriver.

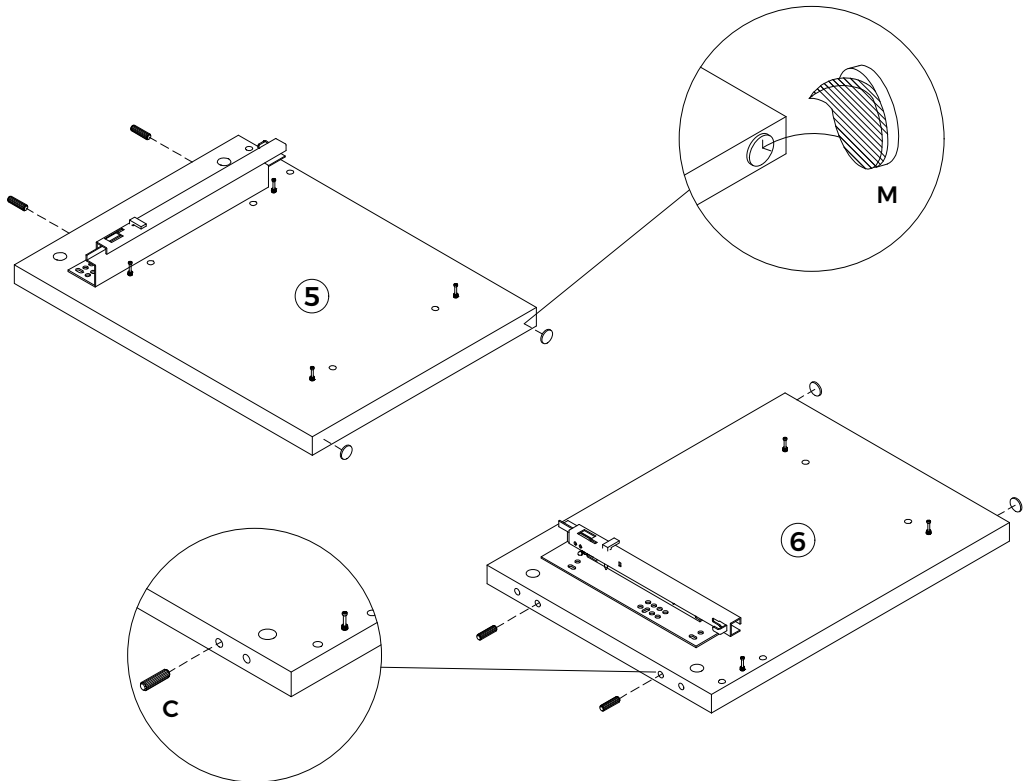

STEP 7

Insert 4 x small dowels [C] into left & right panels [5] & [6] as shown.

If needed, use a mallet to gently tap the dowels into place.

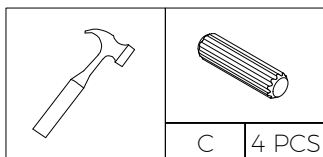

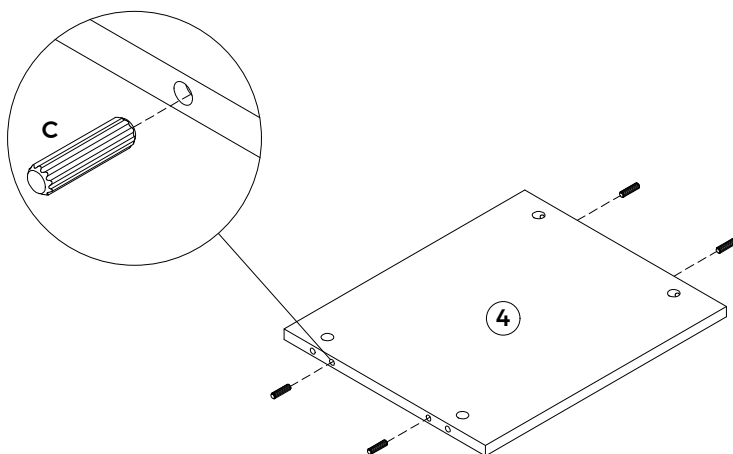

Attach 4 x felt Pads [M] to Side panels [5] & [6] as shown.

				
	C	4PCS	M	4PCS

STEP 8

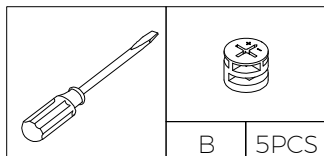

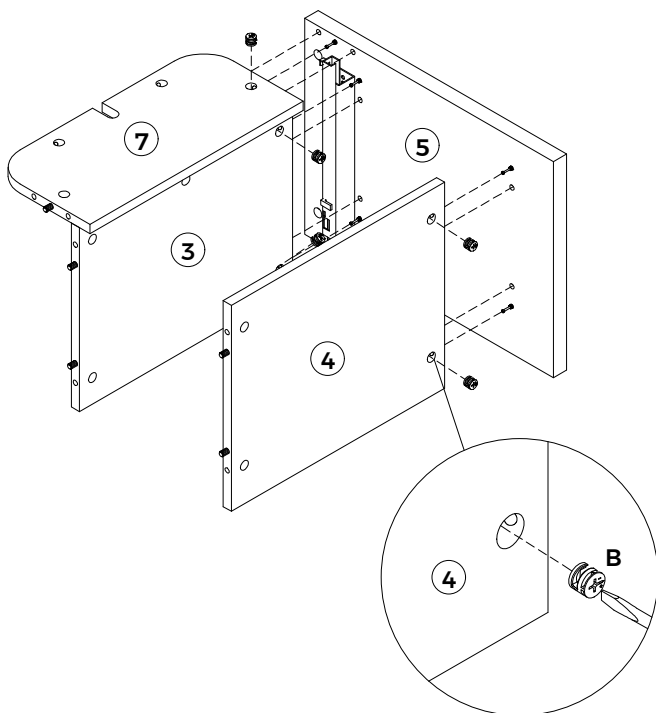

Insert 4 x small dowels into Bottom panel [4] as shown.
If needed use a mallet to gently tap the dowels into place.

STEP 9

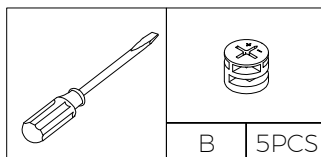

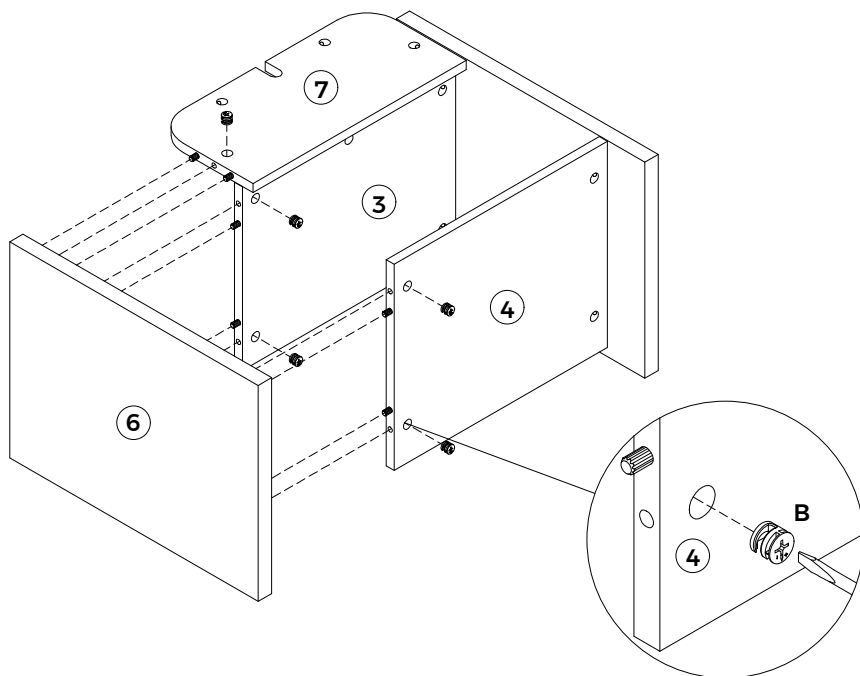

Attach Back panel [7], Shelf [3] and Bottom panel [4] to Left side panel [5] as shown.

Insert 5 x cam nuts [B] into Back panel [7], Shelf [3] and Bottom panel [4], turn cam nuts clockwise to lock using a flat head screwdriver.

STEP 10

Attach Right side panel [6] to assembled frame as shown.
Insert 5 x cam nuts [B] into Back panel [7], Shelf [3] and Bottom panel [4],
turn cam nuts clockwise to lock using a flat head screwdriver.

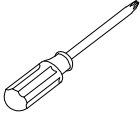

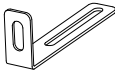

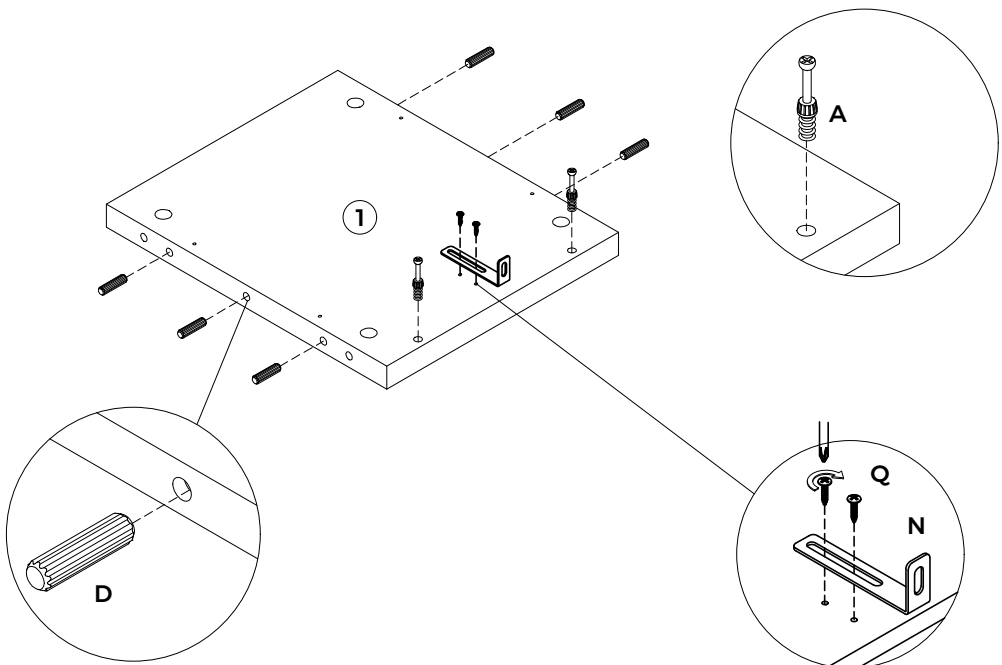

STEP 11

Insert 6 x large dowels [D] into Top panel [1] as shown. If needed use a mallet to gently tap the dowels into place.

Screw 2 x cam bolts [A] into top panel [1], using a Phillips head screwdriver.

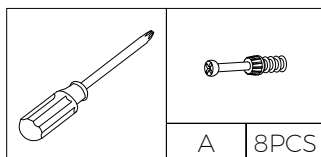

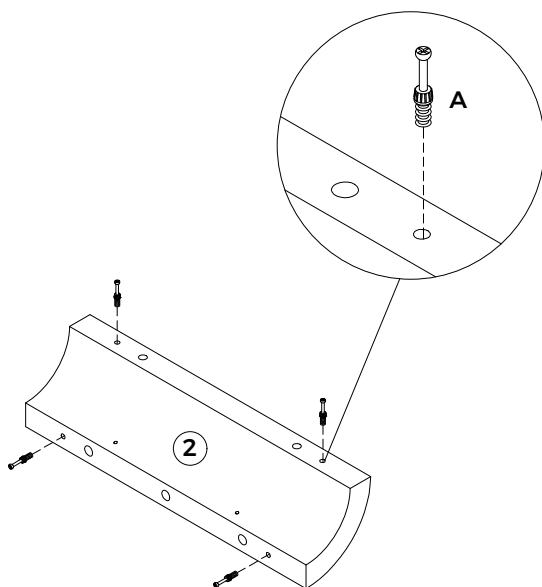

Attach 1 x L-bracket [N] to Top panel [1] with 2 x screws [Q] as shown, tighten with a Phillips head screwdriver.

				
	A	2PCS	D	6PCS
				
	N	1PC	Q	2PCS

STEP 12

Screw 4 x cam bolts [A] into each corner rail [2] as shown, using a Phillips head screwdriver.

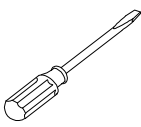

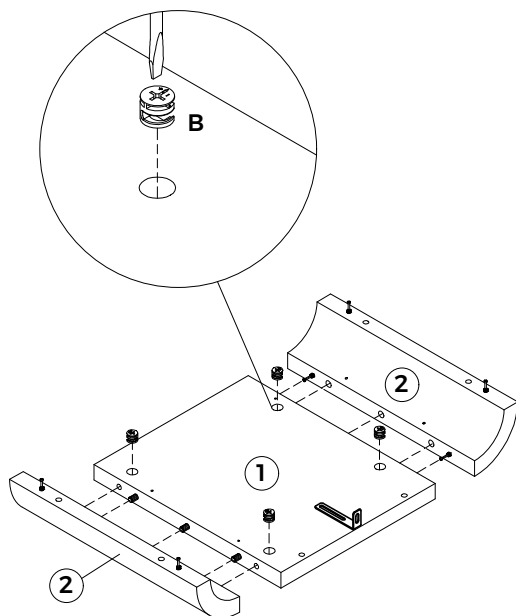

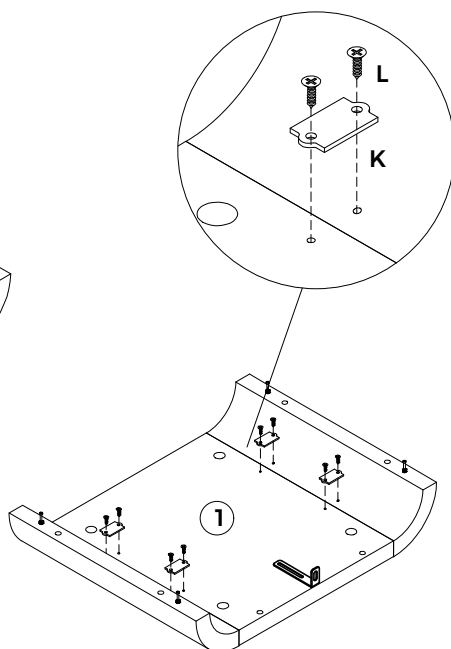

x2

STEP 13

Attach 2 x Corner rails [2] to Top panel [1] with 4 x cam nuts [B], tighten with a flat head screwdriver.

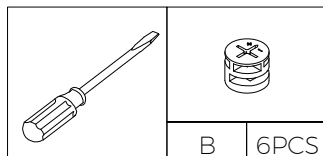

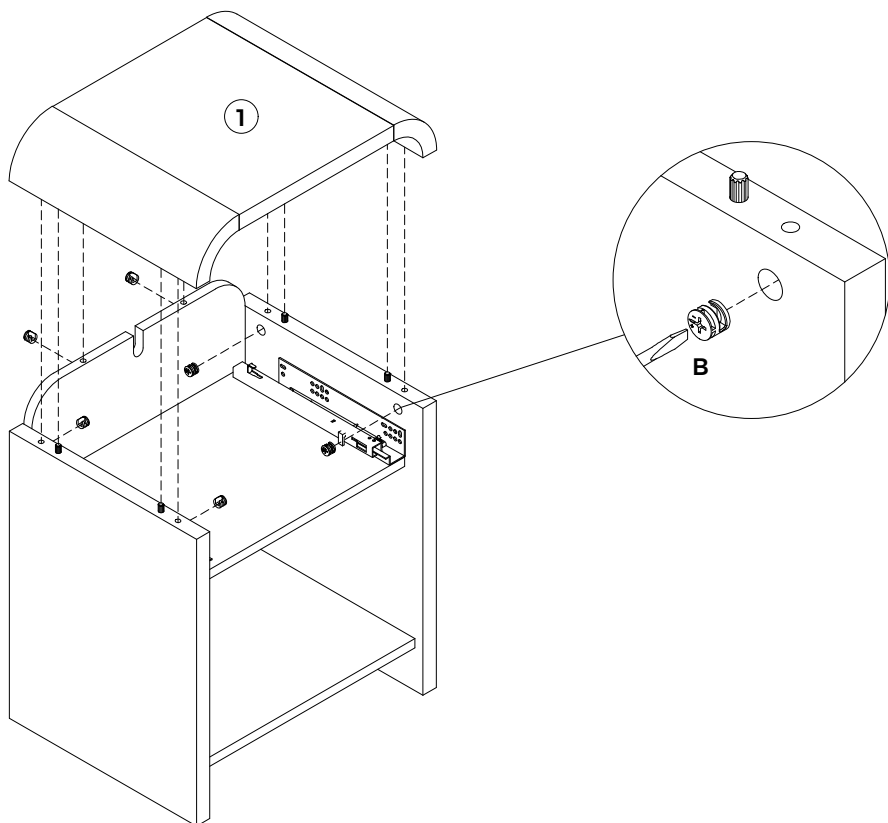

Attach each metal plate [K] to Top panel [1] and Corner rail [2] with 2 x screws [L] as shown, tighten with a Phillips head screwdriver.

				
	B	4PCS	K	4PCS
				
L		8PCS		

STEP 14

Attach assembled top panel to assembled frame with 6 x cam nuts [B] as shown, tighten with a flat head screwdriver.

STEP 15 - Anti-tip Restraint

WARNING

To reduce the risk of serious injury or death from tip-over, this unit must be securely anchored to a suitable wall before use.

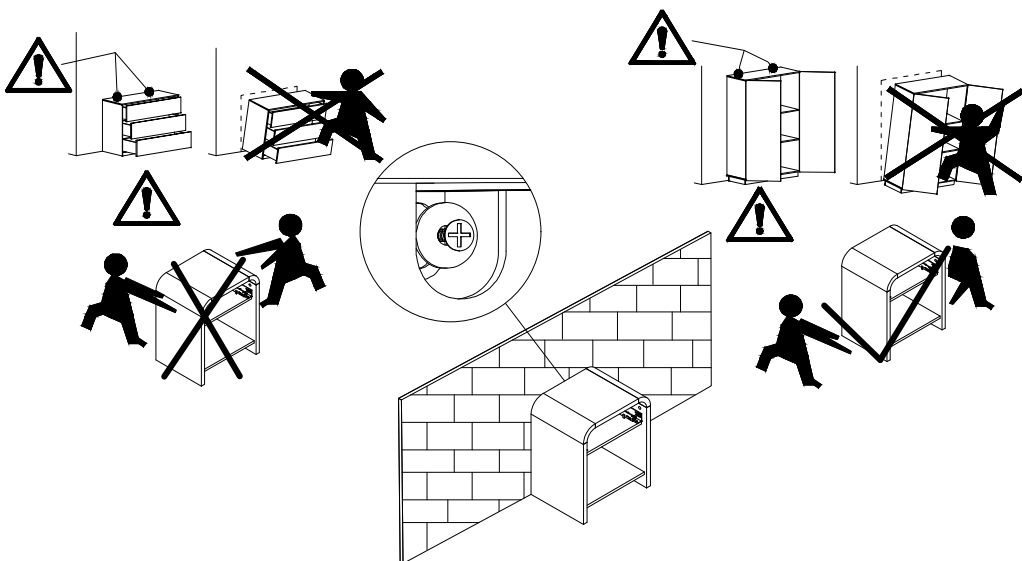

- Never allow children to climb, stand or hang on this furniture.
- Always secure the unit to a suitable wall using appropriate fixings for your wall type.
- Before drilling, check for hidden electrical cables, water pipes and other concealed services.
- If you are unsure how to install the anti-tip restraint or select suitable fixings, seek advice from a qualified installer or your local hardware store.

Installation

1. With assistance, move the bedside table into its final position.
2. Using the attached L-brackets [N] as a guide, mark the fixing positions on the wall.
3. Move the cabinet away from the wall and prepare the wall for fixing as required.
4. Reposition the cabinet and securely fasten the L-brackets [N] to the wall using fixings suitable for your wall type.
5. Check that the cabinet is level, stable and securely anchored before use.

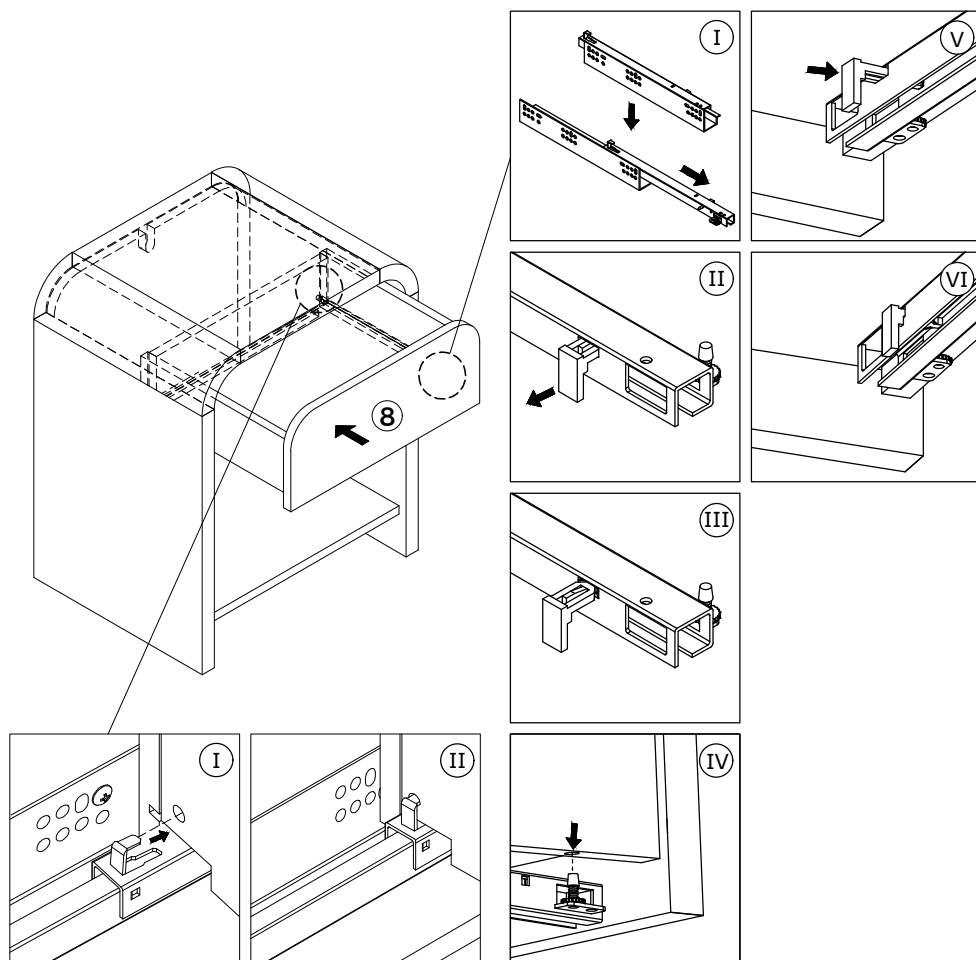

Important Handling Note

Always lift the cabinet from the base. Do not lift or carry the cabinet by the top panel, as this may cause damage or separation.

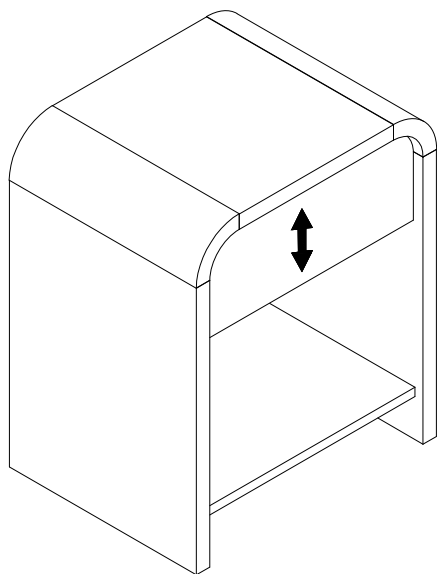

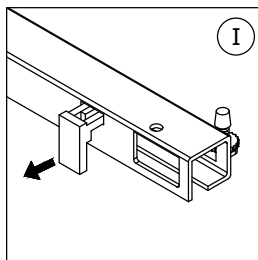

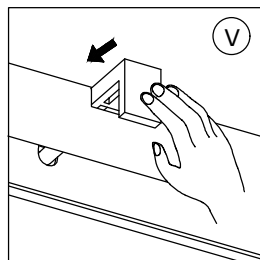

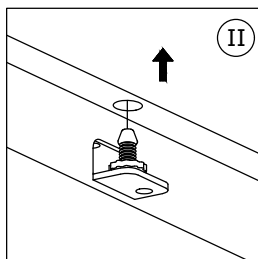

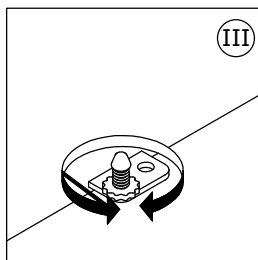

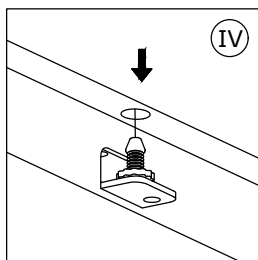

STEP 16

Insert the drawer into bedside table carefully as shown.

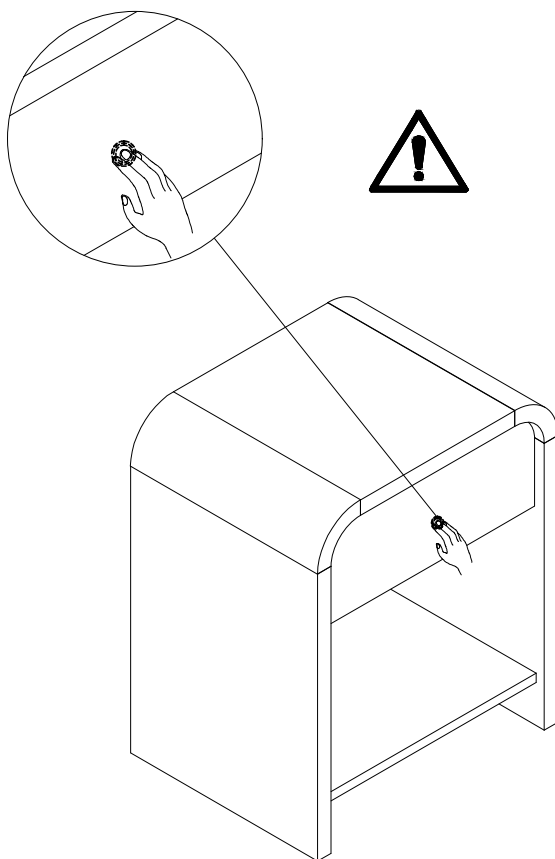

STEP 17

If needed, adjust the drawer slide as shown.

STEP 18

Note : To open the drawer, push the center of the drawer front inward as shown.

Looking Good!

Now you've assembled your furniture, find out how to care for your item and keep it looking brand new.

Product Care Guide

Product Care Handbook A Guide to Protecting Your Product

Caring for PUX LEATHER

To preserve and maintain the appearance of your faux leather, apply a "little and often" approach to cleaning.

Stain marks can accumulate through regular use. We recommend using a soft, clean cloth with water and a small amount of gentle washing up liquid to remove any marks.

Before using the cloth, be sure to avoid soaking the surface. Follow up by thoroughly drying the surface with a dry cloth.

Always use a soft, circular motion when cleaning your product. Aggressive scrubbing can cause surface damage.

Avoid the use of harsh detergents such as bleach as these can cause cracking or discolouring.

To preserve the appearance of the velvet, gently vacuum the product with an upholstery attachment once a week.

Alternatively, carefully use a soft-bristled fabric or clothes brush to gently smooth the fabric and remove surface dust. Take care to only brush in the direction of the nap of the fabric.

Velvet can be prone to marking, so be sure to avoid placing anything heavy or hard-edged onto your product for prolonged periods of time. Should

caring for VELVET

your velvet product start to show pressure marks, these can easily be removed through lightly steaming or brushing the affected area.

Take extra care to prevent your velvet product from coming into contact with any liquids. In the event of spillages, gently blot the liquid away with a soft, clean cloth. Do not rub the affected area or you risk damaging the appearance of the velvet.
