
US-BS301-WH

As this item contains many parts, please read the installation instruction carefully before installation . Please use tools properly and carefully. If you have any questions about the product and installation, please contact us.

General Guidelines

- ◉ Please read the following instruction carefully and use the product accordingly.
- ◉ Please keep this manual and hand it over when you transfer the product.
- ◉ This summary may not include every detail of all variations and considered steps. Please contact us when further information and help are needed.

Notes

- ◉ The product is intended for indoor use only. The product must be assembled and used in accordance with the provisions of the manual. Personal injury and/or damage to product may occur if products are used outside of their intended purposes and/or if products have been changed/modified from their original design. The seller does not assume any responsibility or liability with respect to any injury/damage caused by incorrect assembly or improper use.
- ◉ Avoid long-term exposure to humid environments to prevent mildew.
- ◉ Keep the product away from fire sources and high temperatures. Do not expose the product to direct sunlight.
- ◉ If there are any defective or missing parts after unpacking, please cease assembly immediately and contact us.
- ◉ Please assemble the item on a spacious surface and do not place the unwrapped product directly on the ground to avoid product damage.
- ◉ Please do not stand or sit on the wooden boards.
- ◉ Please wear gloves during the assembly and/or disassembly process to avoid scratches from any sharp edges.
- ◉ Please match the corresponding part and fitting based on the part number in the manual.
- ◉ If the part does not match with the fitting, please check the piece as specified in this manual.
- ◉ During assembly, first loosely align all screws with the corresponding pre-drilled holes and then tighten the screws one by one.
- ◉ Periodical ly inspect screw tightness while the product is in use. If necessary, retighten to ensure structural integrity.

-
- ◉ Please keep the product away from sharp, pointed objects and corrosive substances to prevent product damage.
 - ◉ Please place this item on level, solid ground during use.

Warnings

- ◉ Children are not allowed to assemble the product. During assembly, keep all small parts out of the reach of children as they may be fatal if swallowed or inhaled.
- ◉ Children are forbidden to climb or play on the product to avoid serious bodily injury caused by the toppling.
- ◉ Keep plastic packing bags out of reach of children to avoid any potential danger, such as suffocation.

Before You Start

Read through each step carefully and follow the proper order.

Separate and count all your parts and hardware.

Give yourself enough room for the assembly process.

Have the following tools: Flat Head Screwdriver, Phillips Head Screwdriver.

Caution: If using a power drill or power screwdriver for screwing, please be aware to slow down and stop when screw is tight. Failure to do so may result in stripping the screw. (Assembly speed can be increased by using electric screwdriver.)

Helpful Hints

PEOPLE NEEDED FOR ASSEMBLY:1-2

Adult Assembly
Required.

Small parts may
present choking
hazard prior to
assembly.

DO NOT use the
product if it is
damaged, broken,
and/or components are
missing or broken.

Please read the
instructions
thoroughly. Identify all
parts & hardware.

Helpful Hints

Do Not Use Power Drills or Drivers.

To protect your parts during assembly, please place them on a soft surface.

To clean surface, use only water on a damp cloth. Do not use window cleaner or cleaning abrasive as it will scratch the surface and could damage the protective coating.

Always monitor your child's activity in the nursery or near furniture.

A Guide to Wall Mounting & Fixings

Important note:

If plastic wall plugs (rawl plugs) are supplied with your product, e.g.:

- these are only suitable for use in masonry walls.

If you are in any doubt about the correct wall plugs for your wall, seek professional advice.

Failure of the product due to using the incorrect fixings is the responsibility of the installer.

Important: when drilling into walls always check that there are no hidden wires or pipes etc.

Make sure that the screws and wall plugs being used are suitable for **supporting your unit**. **Consult a qualified tradesperson if you are unsure.**

Hints:

- 1: General rule:  always use a larger screw and wall plug if you are not sure.
- 2: Ensure you use the recommended drill bit to match the wall plug and hole size.
- 3: Ensure you drill the hole horizontally; do not force the drill or enlarge the hole.
- 4: Take extra care when drilling high walls, ceilings and ceramic tiles. Ensure wall plugs are inserted beyond the thickness of the ceramic tiles to avoid the tiles splitting or cracking.
- 5: Ensure wall plugs are well fitted and are a tight fit in the drilled hole.

Types of walls

You can use one of the following types of wall plug if your walls are made of brick, breeze block, concrete, stone or wood.

No.1 "General Purpose" wall plug

Generally aerated blocks should not be used to support heavy loads, use a specialist fitting in this case. For light loads, general purpose wall plugs can be used.

No.3 "Cavity Fixing" wall plug

For use with plasterboard partitions or hollow wooden doors.

No.5 "Hammer Fixing" wall plug

For use with walls stuck with plasterboard. The hammer fixing allows it to be fixed to the wall rather than the plasterboard. Always check the fixing is secure to the retaining wall.

No.2 "Plasterboard" wall plug

For use when attaching light loads onto plasterboard partitions.

No.4 "Cavity Fixing – Heavy Duty" wall plug

For use when fitting or supporting heavy loads such as shelving, wall cabinets and coat racks.

No.6 "Shield Anchor" wall plug – heavy loads

For use with heavier loads such as TV and HiFi speakers and satellite dishes etc.

Care & Maintenance

Safety: always check the fitting and location to ensure your safety in and around the home.

Fitting: from time to time check the fitting to ensure the wall plugs or screws do not become loose.
