

LEATHER CARE

Leather is one of the most durable upholstery materials. However, leather still needs regular care and cleaning to maintain its natural beauty and extend the product life.

For minor liquid stains, quickly soak up the spill by carefully blotting up the liquid with a clean white cloth. Let the area air dry. Most spills are blotted up and dry very easily.

If a liquid or other substance leaves a stain or water mark, we recommend contacting a professional cleaning service. Never use cleaning solutions on your leather furniture.
