

STICKLEY®

Surrey Hills Recliner

The back of the Surrey Hills Recliner is a gently curved trellis grid that's too beautiful to hide against a wall. Crafted of American white oak, the chair's arms and legs have an attractive swell and taper, cradling finely tailored cushions. A footrest is tucked up beneath the wide, roomy seat in the upright position; pushing back raises the footrest before continuing to a full recline.

Details & Specs:	Dimensions: W31.5 D34.5 H41
