Finish: Black Bronze/White

Materials: WROUGHT IRON/ACRYLIC

Item Weight: 40 lb

Number of Lights: 3

Watts per Socket / Item: 10 / 30

Cord: 13' Black

Decoding the design details of the Ditchley Rectangular Chandelier, there is stalwart wrought iron in a black bronze finish and a glossy white acrylic diffuser that softens the glow of the light. Stylistically, it swings from industrial to modern farmhouse to rough luxe. The technology contained in it is just as important as its dynamic style, as it is lit by integrated LED. This handsome black chandelier was designed by Tom Caldwell.
