

SECTIONAL SOFA

ASSEMBLY INSTRUCTIONS

Read these instructions before assembly.

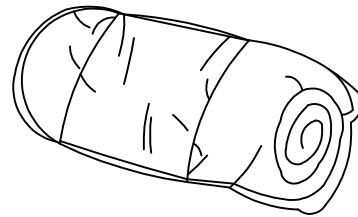

1

Vacuum-Packed Packaging

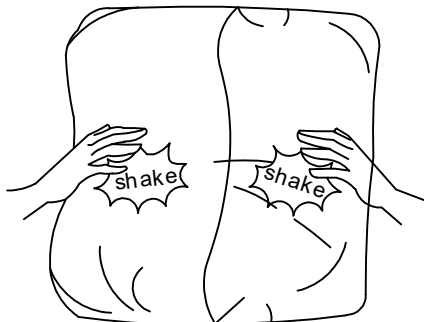

Notes: Do not use sharp objects to open the outer carton.

2

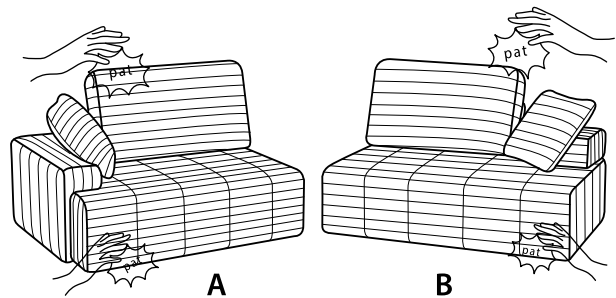

Carefully remove the plastic bag.

3

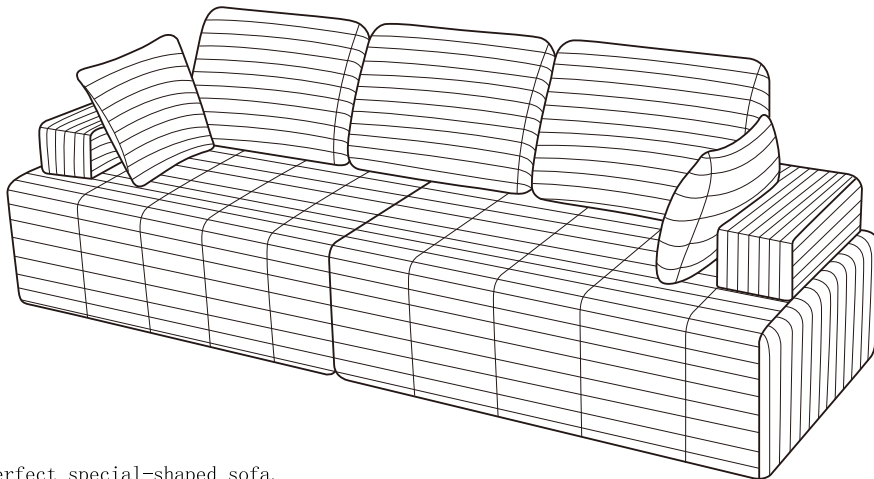

Firmly pat and shake the inner cushion for about 10 minutes to help the foam distribute evenly inside the inner bag.

4

Place the sofa upright and allow the inner cushion to expand for **72 hours**. Gently pat and shape the outer cover.

5

Now you have a perfect special-shaped sofa.

If your order contains multiple boxes, they may arrive on different days. Please contact us via the platform if you need any help. Thank you for your patience.

SECTIONAL SOFA

Step-by-Step Assembly

1. Remove the packaging and lay the folded sofa flat on the floor.
2. Remove the plastic bag. **Avoid using sharp tools** (such as knives) that may scratch the fabric.
3. After opening the sealed bag, the sofa will begin to expand immediately. Keep the area ventilated and dry, and tap the sofa to help it regain full elasticity. After **72 hours**, expansion will be essentially complete.
4. Because of compression, the fabric cover may show creases at first. To smooth them more quickly, use a garment steamer or an iron on low heat with a pressing cloth.
5. Do not place the sofa on a damp floor for long periods to prevent mold caused by poor ventilation.
6. If dirt or oil stains occur, use a suitable fabric cleaner.
7. If you have any questions, please contact us. We will respond within **24 hours**.
