WARNING

Please read the instructions carefully and follow the assembly steps.

To ensure proper assembly, please follow all steps and use all parts provided. Not following this warning may result in serious injury to you or others.

Unpack carefully to prevent scratches. If parts are missing or damaged, stop assembly and contact customer support right away.

Due to the weight and size of certain sofa modules, cooperative assembly by two or more adults is required to prevent injury or product damage.

Assemble on a flat, sturdy surface with enough space. Keep away from wet, sloped, or high-traffic areas.

If you encounter any difficulties during assembly, please contact our after-sales support team for assistance. Do not force installation as this may cause damage or safety hazards.

ASSEMBLY INSTRUCTIONS

Your cushions come vacuum packed and sealed for shipping. To restore the cushion's original shape, follow the steps below.

- Tips: 1. Open the vacuum bag carefully.
- 2. Press and tap with both hands from both the side and front to fully inflate.

After packing up, place them in somewhere dry and ventilated. After about 72-96 hours, it can be restored to the best use condition.

After removing the product from the compression bag and allowing it to regain its shape, if any wrinkles remain on the fabric, you may use an iron on a low heat setting to smooth them out. (Please ensure the temperature is suitable for the fabric to avoid heat damage.)
