D. Center Support (1 pc)

E. Wood Slat System (1 pc)

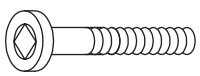

F. Center Leg (3 pcs)

HARDWARE LIST

G. Bolt (3 pcs)

H. Small Screw (2 pcs)

I. Large Screw (9 pcs)

J. Small Hex Key (1 pc)

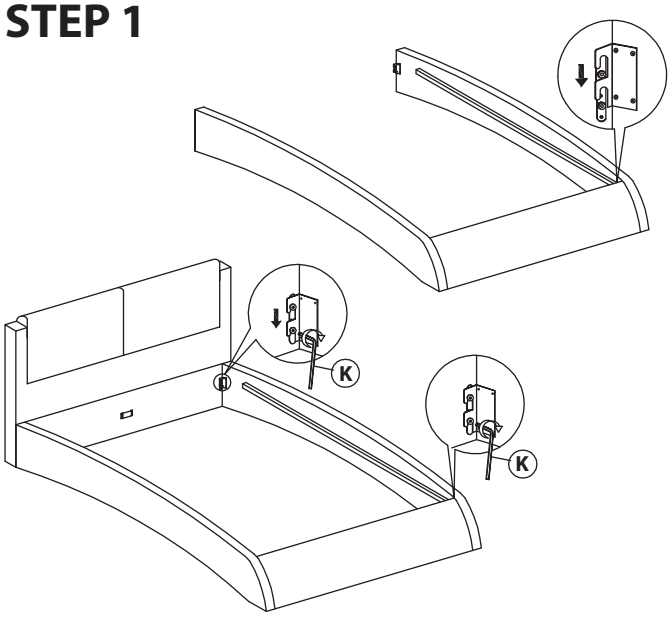

K. Large Hex Key (1 pc)

(Continued on back)

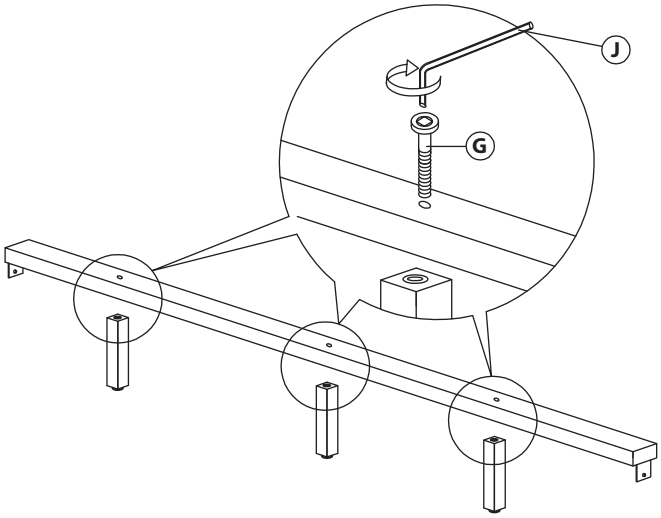

ASSEMBLY INSTRUCTIONS

STEP 1

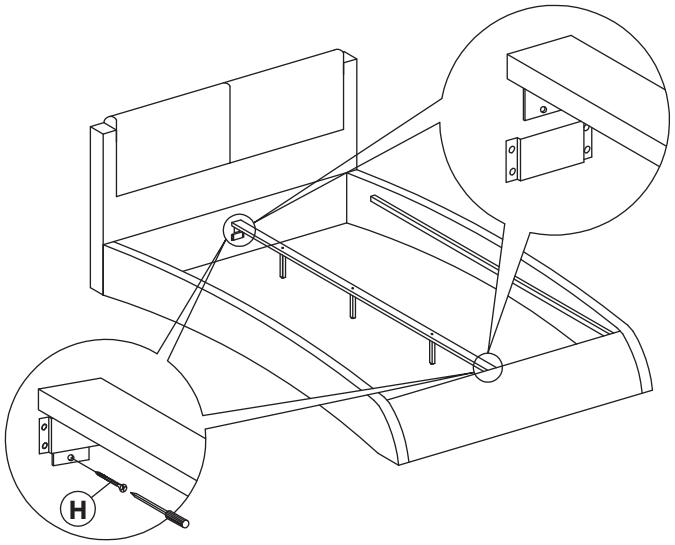

Attach the Footboard (Part B) to the Side Rails (Part C) by sliding the Side Rail attachment over the pre-installed bolts on the Footboard. Attach the Headboard (Part A) to the Side Rails (Part C) by sliding the Side Rail attachment over the pre-installed bolts on the Headboard. Securely tighten the bolts on the Headboard and Footboard using Large Hex Key (Part K).

STEP 2

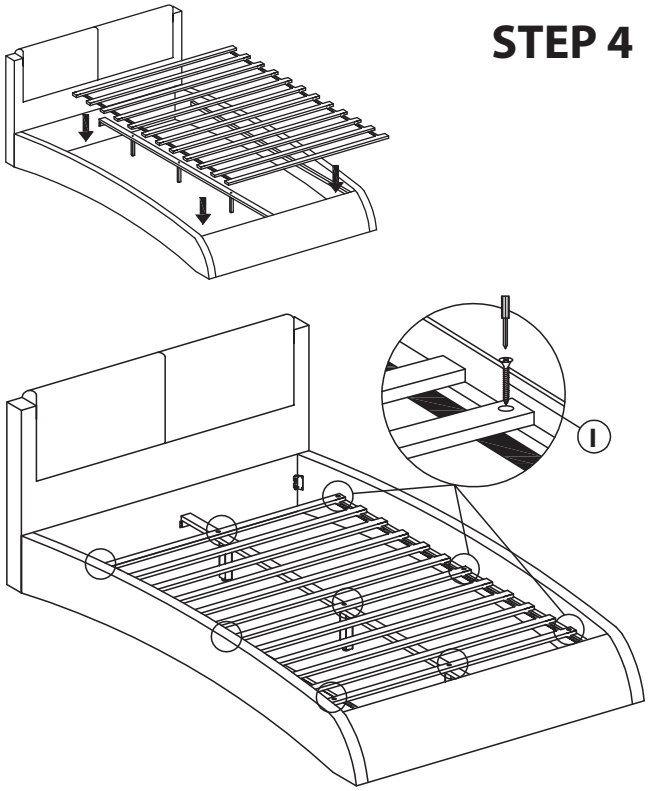

Screw the Center Legs (Part F) into the Center Rail (Part D) using Bolts (Part G). Secure each Center Leg using Small Hex Key (Part J).

STEP 3

Insert the Center Rail into the brackets on the Headboard and Footboard. Secure the Center Rail in place with Small Screw (Part H) using the pre-drilled holes and a Phillips Screwdriver. Secure the Center Rail into both the Headboard and the Footboard.

STEP 4

Roll out the Wood Slat System (Part E) with the strap facing down and secure it in place with nine Large Screws (Part I) using the pre-drilled holes and a Phillips Screwdriver.
