NOTICE

Our massage chair is 100% tested before leaving the factory.

IMPORTANT

1. Make sure the chair is connected to an outlet having the correct voltage. Make sure that the power cord is seated fully into the power outlet. Otherwise it may result in fire or electric shock.
2. Do not modify the plug provided with the product if it will not fit the outlet.
3. Do not use the chair outdoors.
4. Do not use the chair in any way not prescribed by the Operating Manual.
5. Do not install the chair in an area of high humidity such as a sauna.
6. Persons with the following conditions should seek medical advice before using the chair:
 - Those in the early stages of pregnancy or immediately after giving birth.
 - People with weak bones, osteoporosis, or spinal fractures.
 - People with sensory impairment caused by circulatory or other serious ailments.

- People suffering from heart disease.
 - People have a pacemaker or other medical devices prone to electronic interference.
 - People who are heat sensitive.
 - People under a doctor's care, or those experiencing unusual physical discomfort.
 - Persons who are suffering from any other serious impairment or illness.
7. Keep massage sessions to no more than 30 minutes and rest after every massage.
 8. If you begin to experience pain or other physical discomfort while using the chair, immediately discontinue use.
 9. Do not fall asleep in the chair during a massage.
 10. Do not use the chair after consuming alcohol.
 11. If the chair does not start, or if there is any type of malfunction, please stop the chair immediately and turn the main POWER switch to the OFF position.
 12. Contact us for assistance regarding professional repairs or maintenance.
 13. Make sure to turn the main POWER switch to OFF after every use and to unplug the chair from the power outlet.
 14. Make sure to turn the main POWER switch to OFF and unplug the chair from the power outlet during cleaning.
 15. Never plug or unplug the chair from a power source (surge protector, wall outlet, ect.) with wet hands.
 16. Never use a wet cloth to clean the power switch, power cord, or any other electronic component.

THE MAIN POWER

Shut down the main power

MAINTENANCE

1. Anyone other than an authorized service person must not repair or disassemble the chair.
2. Stop the main power after massage is finished.
3. If you are not going to use the product for some time, store the power cord in a dry and clean place.
4. Do not leave the chair outdoors, in direct sunlight, in a high temperature environment, or near fire.
5. Use a piece of soft, dry cloth to clean the chair. Do use alcohol or household cleaners on the chair.
6. Do not operate the chair continuously for long periods of time.

TROUBLE SHOOTING

1. Check the power connector is fully plugged into the wall outlet if the chair doesn't work after the main power is connected.
2. The sound of the motor during operation is a normal part of the product's operation.
3. The chair will automatically power off after a massage. Press the power button to return the chair to an ON state.

TURN ON POWER SUPPLY

1. Plug the power cord into three core socket with well grounding.
2. Turn on the power switch on the bottom of the massage chair.

- Before switching on the chair, please make sure there is no damage on the power wire and other exposed wires.
- Make sure the power switch is off before the chair is connected to electricity.

MOVE METHOD

- There are moving rollers at the bottom of the chair.
- Raise the back to the highest point.
- Switch off and plug out the chair.
- Lift the front part of the chair as shown in the figure (one person raises the front part via holding a moving holder, another person pushes the chair when holding the top of the chair), move the chair by the rollers.

- Don't move it when there are people in it.
- Don't use the armrest while moving the chair, only hold the moving holder in the back and front.

INSTALLATION

Please leave the space around the massage chair when preparing the massage.

- (1) Place a massage chair in a place where there is enough space for the back of the chair to recline and the stand to rise.
- (2) Make sure that there is at least 20 cm in the back of the massage chair and at least 30 cm in front of the massage chair. In order to prevent from signal interference, please keep at least 1m away from the TV, radio and other video and audio devices.

Before using, please tidy up well the cables to avoid twining or damage. When the whole chair makes slide movement forward or backward to original position, please check first whether there are kids, pets or any other objects to avoid accidents. Please put carpet or other pad under the massage chair, in order to avoid any unpredictable impression on the floor.

SURROUNDING ENVIRONMENT

Keep the massage chair away from damp places (for example: bathroom) to avoid electric leakage.

Keep the massage chair away from high temperatures sources (for example: stove) to avoid fire or damage to leather material.

GROUNDING INSTRUCTIONS

This product must be grounded. If it should malfunction or break down, grounding provides a path of least resistance for electric current to reduce the risk of electric shock. This product is equipped with a cord having an equipment-grounding conductor and a grounding plug. The plug must be plugged into an appropriate outlet that is properly installed and grounded in accordance with all local codes and ordinances. DANGER - Improper connection of the equipment-grounding conductor can result in a risk of electric shock. Check with a qualified electrician or serviceman if you are in doubt as to whether the product is properly grounded. Do not modify the plug provided with the product - if it will not fit the outlet; have a proper outlet installed by a qualified electrician.

AFTER USING THE CHAIR

- Please power off the chair and unplug power cable from power the supply socket after using disconnect the controller and store carefully
- Please power off the chair and unplug the chair from the power supply socket when the chair is not in use, to avoid children to start the chair accidentally
- Please store the chair well if it is not in use for a long time.

METHODS OF STORAGE

- Do not dismount the back of the chair
- Cover the chair with dust-free cloth to prevent dust from collecting
- Keep the massage chair free of dust
- Do not store in a hot, humid, damp place or in direct sunlight or heat
- Do not store in an overly cold place

MAINTENANCE

- Before cleaning unplug from electrical source to avoid shock
- Clean the cloth surface with neutral detergent or special mild detergent for cloth
- Dust can be cleaned off with a damp cloth of mild detergent and air dry
- Do not spray pesticide on device
- Specified cleaner can be used on the leather, plastic, and dried with a cloth
- Do not use a damp cloth on the electronic components which can cause shock and damage
- The leather covers (headrest, seat cushion, foot cushion) can be removed for cleaning

KIND REMINDING

During daily use, please check whether the following phenomenon exist: Scorched smell
