

Thank you for purchasing an Oaks Lighting product.

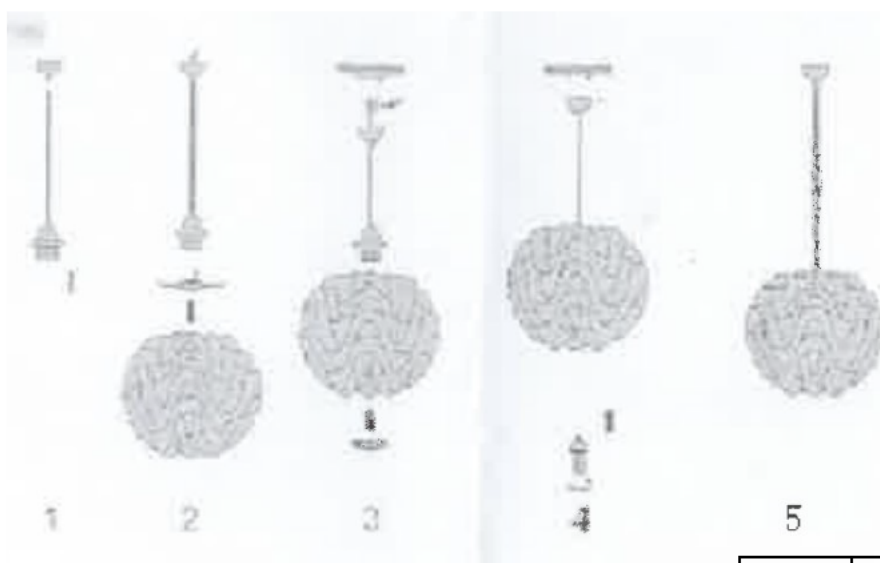

PLEASE ENSURE THAT YOU READ THIS INSTRUCTION SHEET IN ITS ENTIRETY BEFORE COMMENCING INSTALLATION  
PLEASE RETAIN THIS SHEET FOR FUTURE REFERENCE

### Installation Instructions

This is a non-electric product.

Its maximum wattage is defined by the existing lamp holder.

1. Turn the mains electrical supply OFF before commencing the installation of this product.
2. If there is a pre-existing bulb, allow it to cool before removing it from the lamp holder; then unscrew the lamp holder skirt.
3. Attach the shade to the shade ring and place over the lamp holder before screwing the lamp holder skirt back onto the lamp holder to secure.
4. Fix the bulb into the lamp holder.
5. Turn the mains electrical supply back on.

### Safety Guidance

**WARNING** - this product must be installed in accordance with current building and wiring regulations. If in any doubt consult a qualified electrician.

This product is suitable for indoor installation only.

Always ensure the mains electrical supply is OFF before commencing the installation of this product.

In order to avoid the development of a potential electrical hazard this product should not be modified.

Prior to maintenance or cleaning ensure the product has been switched off and allowed to cool.

When cleaning use only a dry or slightly damp (not near live parts) cloth. Do not use abrasive items as they may damage the product.

DO NOT exceed the maximum wattage as stated on the existing lamp holder.
