0Y8042-6 Installation Instruction

Please Scan the QR code to watch the installation video.
If you have any questions, please feel free to contact us through the order page.

IMPORTANT:

Please read and understand this entire manual before attempting to assemble, operate, or install the product.

WARNING:

1.Installation should be performed by a professional.
2.To prevent electric shock, please turn off the power before installing, repairing, or cleaning the light fixture.
3.This light fixture operates within a 110V to 265V range only.
4.Do not install the light fixture in damp conditions.
5.Keep the light fixture away from acidic and corrosive materials.

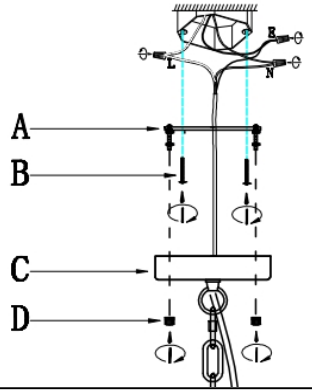

PREPARATION

Before installation, check the contents to ensure all parts are included. Do not assemble, install, or operate if any parts are missing or damaged.

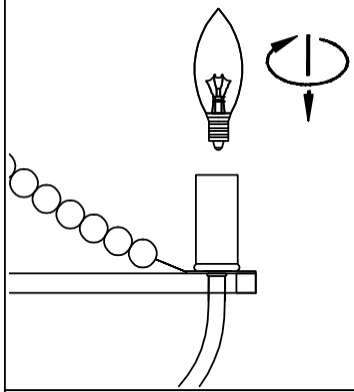

CARE AND MAINTENANCE

1. Shut off the main power supply before cleaning the product or changing light bulbs.
2. To clean, wipe with a damp cloth. Do not use abrasive cleaners or cleaners that contain alcohol.

Instructions for mounting bracket

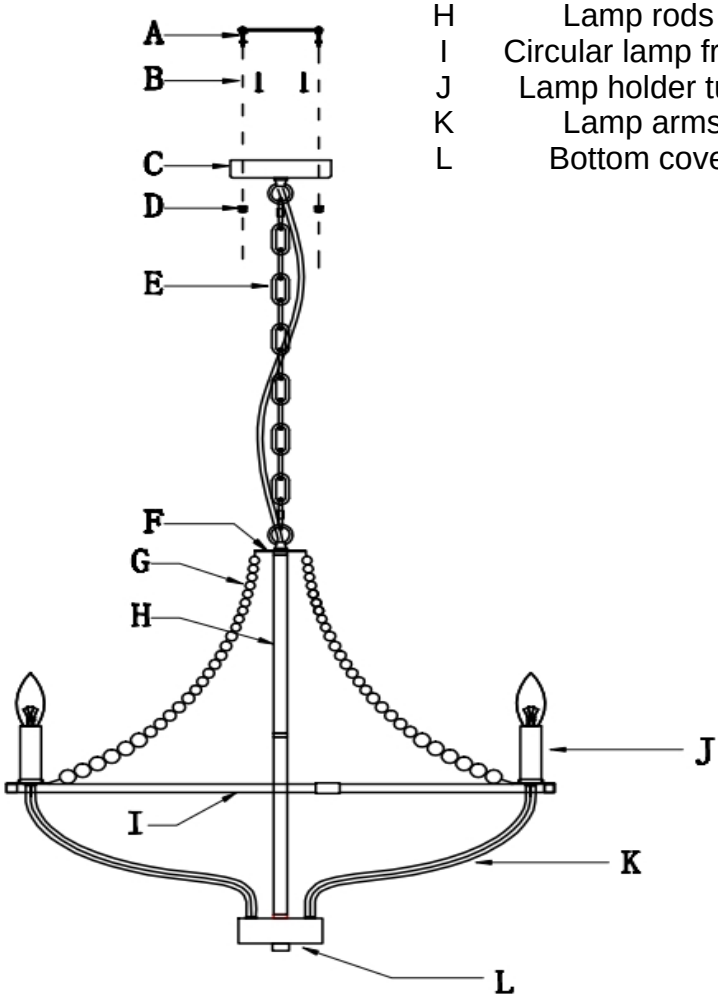

1. Attach the mounting bracket to the junction box using the screws from the fitting package.
2. Connect the main line on the canopy to the reserved line on the ceiling using a wire nut.
3. Install the entire lamp with the mounting bracket, then secure it with nuts.

Install the light bulbs.
