

Heavy Duty 4ft Firewood Rack with Cover

SECTION A

Parts List

Part#	Description	Qty
A	End Supports	2
B	Base Supports	2
C	Bolts	8
D	Nuts	8

SECTION B

Caution

DO NOT load storage rack until fully assembled on a flat, level surface. Your firewood should be loaded and unloaded evenly for proper weight distribution. If the load is unbalanced, the rack could tip over and **CAUSE INJURY**.

Keep this product clean by using a damp cloth. **DO NOT** use abrasive cleaners, as it will cause parts to tarnish or rust.

SECTION C

Assembly

1. Remove all contents from packaging. Make sure all of your parts are present.
2. Align the holes in the end supports(A) with the holes in the base supports(B).
3. Secure into place by threading a bolt(C)through the end support(A)and the base support(B). Attach a nut (D)(Loosely)to the end of each bolt(C).
4. Repeat steps#2&3 for the other side of the log rack.
5. Tighten all bolt and nut connections. Your Firewood Storage Rack is now ready for loading.

DO NOT fully tighten the bolts & nuts until the log rack is completely assembled!
