Failure to follow these instructions completely could lead to injury or death. Concept Fusion LLC is not liable for any injuries or deaths sustained during installation or use of this product.

Banister Installation Instructions for Concept Fusion Banister System

Tools needed:

- 1) Drill

- 2) Tape Measure
- 3) Pencil
- 4) 5/16 Drill Bit and 3/4 Driver
- 5) Safety Glasses
- 6) Gloves

Getting Started:

Be sure to follow proper safety while installing this banister system. Eye protection should be worn at all times during installation. Additional safety measures may be necessary.

Unpack your banister kit. Your kit should include the following items:

- 1) Banister
- 2) 1/2x4 Stainless Steel Lag Bolts (2x)
- 3) 1/2 Stainless Steel washer (2x)

Banister Installation:

Place your Banister on the desired stair location. ***Ensure Lag Bolts are installed directly into frame members or studs.***

With the pencil, mark the two mounting holes.

Remove the banister.

Using a 5/16 drill bit, pre drill the mounting holes for the banister.

Put the banister back in the desired position. Fasten to the floor with the two lag bolts and washers (use a 3/4 inch driver or wrench). Be careful not to hit the wrench or driver into the sides of the banister while tightening as this can result in damage to the finish.

Please Note,

Failure to follow these instructions completely could lead to injury or death. Concept Fusion LLC is not liable for any injuries or deaths sustained during installation or use of this product. Any modifications to this product will void all guarantees and can result in injury or death. It is your responsibility to comply with all local zoning requirements, failure to do so can result in injury or death. It is your responsibility to follow all workplace safety guidelines during installation of this product, failure to do so may lead to injury or death.

You must wear proper safety gear including but not limited to gloves and eye and ear protections during installation. This product contains sharp edges and points that can cause injury or death.

If your kit is missing parts please message us through your purchasing site. We will work to quickly correct any issues with your order.
