

THEODORE ALEXANDER

Impression 1

D1919S38371-3207

Impression is an accomplished study of composition reminiscent of mid-century Modern Art. The expert use of color and implied lines creates a visually striking work of art. Texture is a focal point due to the light-handed brushwork that gives the impression of woodgrain. A pale palette in chocolate, rose quartz, seafoam, and maize ties the work together.

Vertical forms in pleasing earth tones cascade down textured paper in this exclusive addition to ART by TA.

► Frame Width: 1.125 in

W 16 x D 1¼ x H 18 inches

Material(s): Paper

Collection: Art by TA
