## High Adhesive Hook

### Instructions

High adhesive hook: 5 KG

**Product Features**

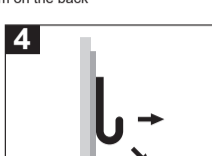

The hook is waterproof and with good adhesion, suitable for humid environment, no drilling needed and no damage to the wall.

**Instructions For Use**

The product is suitable for: flat surfaces such as ceramic tiles, glass, mirrors, stainless steel, painted furniture, and glossy painted walls.

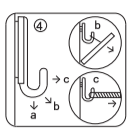

Not suitable for: soil walls, gray walls, wall coverings, wallpaper, foam wall tiles, water-based paint and other uneven surfaces.

**Installation Method**

-  1. Wipe clean the surface to be pasted
-  2. Remove the transparent protective film on the back
-  3. The flattened surface squeezes out air from the middle to the surroundings
-  4. Gently pull down the hook, test installation is solid

**Matters needing attention**

- If there are stains on the surface, such as oil, water, wax, etc, please wipe it clean before installation.
- Do not hang fragile, valuable, or overweight items to avoid damage and accidents.
- Do not stick it on the place where it nears the gas stoves, fire stoves, or dangerous sources.
- For best effect, leave to stand for 12 hours after installation.

The hook can achieve the best hanging effect when hanging items vertically, as shown in Figure A.  
Suspension as shown in B & C will be affected and may cause damage to your items.

## Haken Mit Hoher Klebkraft

### Anleitung

Haken mit hoher Klebkraft: 5 KG

**Eigenschaften Des Produkts**

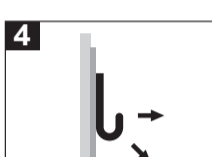

Der Haken ist wasserdicht und haftet gut, eignet sich für feuchte Umgebungen, erfordert kein Bohren und beschädigt die Wand nicht.

**Anweisungen Für Den Gebrauch**

Geeignet für: glatte Oberflächen wie Keramikfliesen, Glas, Spiegel, Edelstahl, lackierte Möbel und glänzend lackierte Wände.

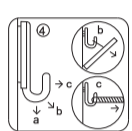

Nicht geeignet für: verschmutzte Wände, graue Wände, Wandverkleidungen, Tapeten, Wandfliesen aus Schaumstoff, Farben auf Wasserbasis und andere unebene Oberflächen.

**Anbringungsmethode**

-  1. die zu beklebende Oberfläche abwischen.
-  2. Entfernen Sie die transparente Schutzfolie auf der Rückseite.
-  3. Die abgeflachte Oberfläche drückt die Luft aus der Mitte in die Umgebung.
-  4. Ziehen Sie den Haken vorsichtig nach unten, um zu prüfen, ob die Installation fest ist.

**Zu beachtende Punkte**

- Wenn es Flecken auf der Oberfläche gibt, wie z.B. Öl, Wasser, Wachs usw, wischen Sie sie bitte vor der Installation ab.
- Hängen Sie keine zerbrechlichen, wertvollen oder übergewichtigen Gegenstände auf, um Schäden und Unfälle zu vermeiden.
- Kleben Sie es nicht in der Nähe von Gasöfen, Kaminöfen oder gefährliche Quellen.
- Für die beste Wirkung, lassen Sie für 12 Stunden nach der Installation.

Der Haken kann den besten hängenden Effekt erzielen, wenn Gegenstände vertikal aufgehängt werden, wie in Abbildung A gezeigt.  
Die Aufhängung, wie in B.C gezeigt, wird beeinträchtigt und kann zu Schäden an Ihren Gegenständen führen.

## Crochet Haute Adhérence

### Instructions

Crochet haute adhérence: 5 KG

**Caractéristiques Du Produit**

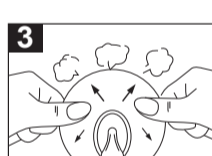

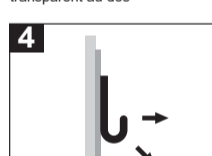

Le crochet est imperméable et a une bonne adhérence, il convient aux environnements humides, ne nécessite pas de perçage et n'endommage pas le mur.

**Mode D'emploi**

Géénigé pour: surfaces planes comme carreaux de céramique, verre, miroirs, acier inoxydable, meubles peints et murs peints brillants.

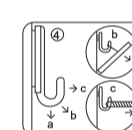

Nicht geeignet für: verschmutzte Wände, graue Wände, Wandverkleidungen, Tapeten, Wandfliesen aus Schaumstoff, Farben auf Wasserbasis und andere unebene Oberflächen.

**Méthode D'installation**

-  1. nettoyez la surface à encoller.
-  2. Retirez le film protecteur transparent au dos.
-  3. La surface aplatée fait sortir l'air du milieu vers l'extérieur.
-  4. Tirez doucement le crochet vers le bas, l'installation de test est solide.

**Points Nécessitant Une Attention Particulière**

- S'il y a des taches sur la surface, comme de l'huile, de l'eau, de la cire, etc, veuillez les nettoyer avant l'installation.
- Ne suspendez pas d'articles fragiles, de valeur ou de poids excessif afin d'éviter les dommages et les accidents.
- Ne le collez pas à proximité d'une cuisinière à gaz, d'un foyer ou de sources dangereuses.
- Pour un meilleur effet, laissez reposer pendant 12 heures après l'installation.

Lorsque l'objet est suspendu verticalement, le crochet peut obtenir le meilleur effet de suspension, comme le montre la figure A.  
La suspension indiquée dans B & C sera affectée et pourrait endommager vos articles.

## Gancho De Alta Adherencia

### Instrucciones

Gancho de alta adherencia: 5 KG

**Características Del Producto**

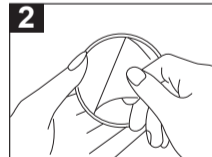

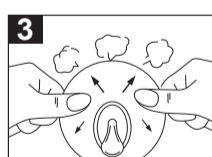

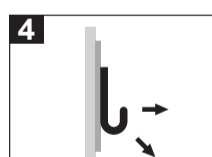

El gancho es impermeable y con buena adherencia, adecuado para ambientes húmedos, no necesita perforación y no daña la pared.

**Modo De Empleo**

Adecuado para: superficies planas como baldosas de cerámica, vidrio, espejos, acero inoxidable, muebles pintados y paredes pintadas brillantes.

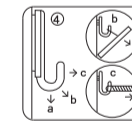

No apto para: paredes de tierra, paredes grises, revestimientos de paredes, papel pintado, azulejos de pared de espuma, pintura a base de agua y otras superficies irregulares.

**Método De Instalación**

-  1. Limpiar con un paño la superficie a pegar.
-  2. Retire la película protectora transparente de la parte posterior.
-  3. La superficie aplanada exprime el aire desde el centro hacia los alrededores.
-  4. Tire suavemente del gancho hacia abajo, la instalación de prueba es sólida.

**Cuestiones Que Requieren Atención**

- Si hay manchas en la superficie, como aceite, agua, cera, etc, por favor límpiela antes de la instalación.
- No cuelgue artículos frágiles, valiosos o con sobrepeso para evitar daños y accidentes.
- No lo pegue en lugares cercanos a estufas de gas, estufas de fuego o fuentes peligrosas.
- Para un mejor efecto, deje reposar durante 12 horas después de la instalación.

Al colgar objetos verticalmente, el gancho puede lograr el mejor efecto de suspensión, como se muestra en la figura A.  
La suspensión mostrada en B & C se verá afectada y puede causar daños a sus artículos.

## Gancio Ad Alta Adesività

### Istruzioni

Gancio ad alta adesività: 5 KG

**Caratteristiche Del Prodotto**

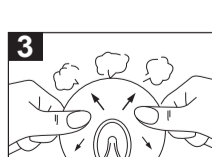

Il gancio è impermeabile e con una buona adesione, adatto ad ambienti umidi, non necessita di foratura e non danneggia la parete.

**Istruzioni Per l'uso**

Adatto per: superfici piane come piastrelle di ceramica, vetro, specchi, acciaio inox, mobili verniciati e pareti dipinte lucide.

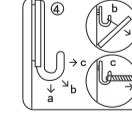

Non è adatto per: pareti sporche, pareti grigie, rivestimenti murali, carta da parati, piastrelle murali in schiuma, pittura a base d'acqua e altre superfici irregolari.

**Metodo Di Installazione**

-  1. Pulire la superficie da incollare.
-  2. Rimuovere la pellicola protettiva trasparente sul retro.
-  3. La superficie appiattita fa uscire l'aria dal centro verso l'esterno.
-  4. Tirando delicatamente verso il basso il gancio, l'installazione di prova è solida.

**Aspetti Da Tenere In Considerazione**

- Se ci sono macchie sulla superficie, come olio, acqua, ecc. si prega di pulirla prima dell'installazione.
- Non appendere oggetti fragili, di valore o in sovrappeso per evitare danni e incidenti.
- Non incollarlo in prossimità di fornelli a gas, stufe o fonti pericolose.
- Per un effetto ottimale, lasciare riposare per 12 ore dopo l'installazione.

Il gancio può raggiungere il miglior effetto di sospensione quando appendono gli oggetti verticalmente, come mostrato nella figura A.  
La sospensione come mostrato in B & C sarà influenzata e può causare danni ai vostri articoli.
