

SPEC SHEET

KoolMore 35 in. Self-Service Countertop Display Refrigerator

SKU: CDC-165-BK

FEATURES

Overview:

The KoolMore Countertop Display Refrigerator is designed for bakeries, cafes, and food service establishments looking to display their food items attractively while maintaining optimal freshness. Featuring a sleek black design, glass front, and efficient LED lighting, this compact refrigerator is perfect for showcasing a variety of food items.

Key Features:

- **Elegant Display:** Bright LED top lighting and glass front for maximum product visibility.
- **Efficient Temperature Control:** Digital temperature controls and display for precise settings.
- **Optimal Freshness:** Auto defrost feature and a temperature range of 33°F - 53°F.
- **Convenient Access:** Dual sliding glass doors for easy staff access and two-tiered shelving for effective product display.
- **Quiet Operation:** Ultra-quiet compressor to maintain a comfortable ambiance.
