howardmiller.com

26" Antique worn black finished metal wall clock with some reddish-brown undertones.

Aged off-white dial with an aged black outer ring.

Black Roman numerals and hour markers are outlined in gold.

Antique brass finished center with moving antique brass-finished gears.

Moving gears are incorporated into the clock's design, enhancing the overall dynamic while creating an attention-grabbing focal point.

Flat black hour and minute hands.

Quartz, battery-operated movement requires one AA and four C batteries (not included).

Glass lens.
