CLOTHES RACK

ASSEMBLY INSTRUCTIONS

Please check all parts and accessories according to the parts list before assembling, make sure all contents are sufficient and in good condition.

If there is any parts missing or defective, please contact us immediately with purchase platform message to get replacement parts.

Please Kindly Notice That:

1.Part L are used as groups (2 pcs in a group). Multiple clearance existing between 2 plastics clips when they have been attached to the poles are not indicative of any quality issue but rather a structural design based physical law of thermal expansion and contraction, which is intended to make the metal steel rack firmly fastened to the poles.

2.When assembling, please pay attention to avoid finger being pinched.

3.During installation, you can adjust the height of each shelf.
