Coffee Table Assembly Drawing

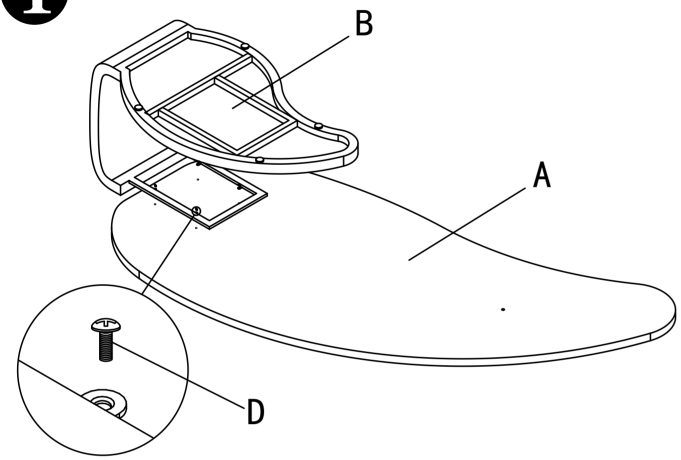

PARTS LIST

A  Coffee Table Top x1	B  Stainless Steel Base x1	C  Round Storage Base x1
D  Screws x4	E  Decorative Ball x1	F  Long Bolt x1
G  Hex Nut x1	H  Flat Washer x1	I  Hex Wrench x1

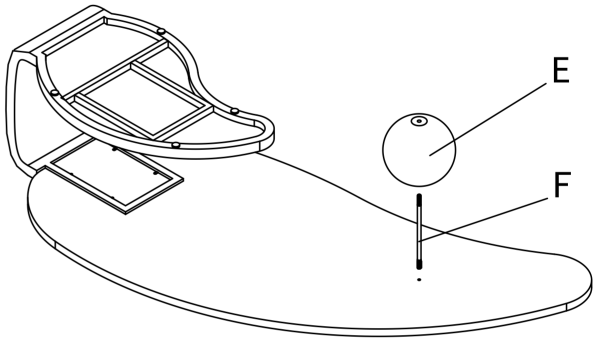

INSTALLATION STEPS

1

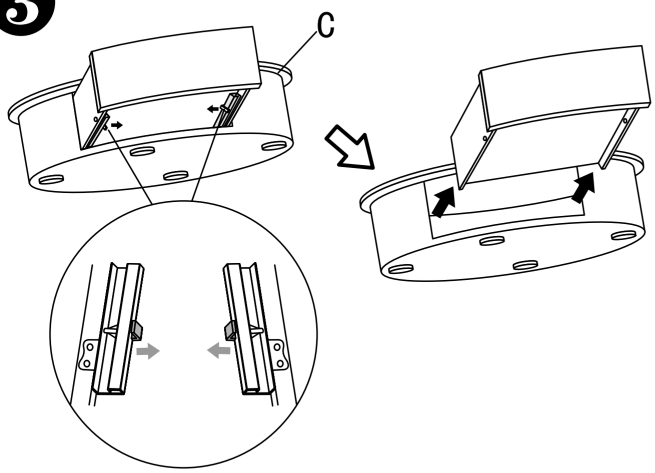

Lay Tabletop A upside down on a clean flat surface.
Align the four screw holes on Base B with the holes on the tabletop, then fasten Screws D.

2

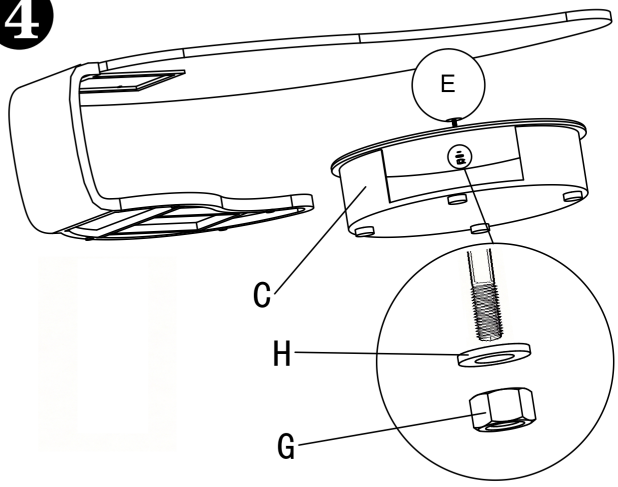

As illustrated, Long Bolt F into the threaded hole and tighten, then fit Decorative Ball E onto Long Bolt F.

3

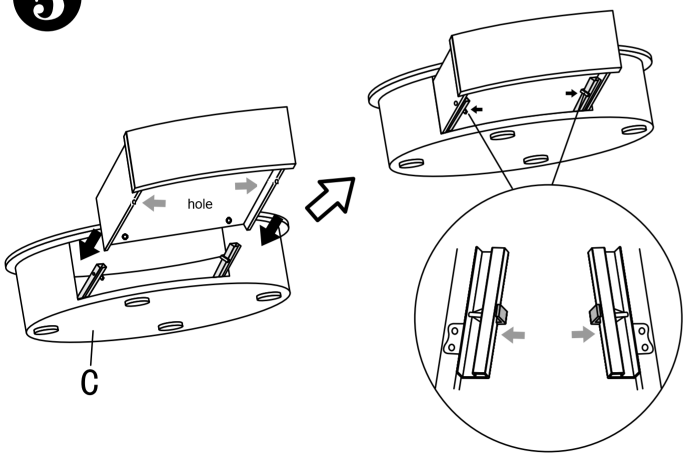

Pull open the drawer of Round Storage Base C.
White plastic latches are mounted on the two slide rails beneath the drawer. Pull both latches outward at the same time, lift and remove the drawer, then continue assembly.

4

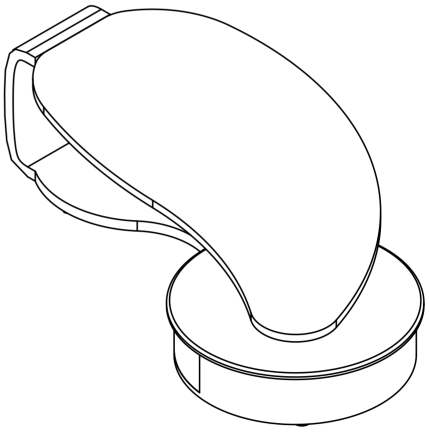

Flip the assembled tabletop over. Pass Long Bolt F through the hole on Round Storage Base C. Then fit Flat Washer H and Hex Nut G onto the bolt in sequence through the drawer opening, and tighten securely.

5

Align the holes on the bottom front and rear of the drawer side panels with the protrusions of the slide rails.
Press the two white plastic latches on the slide rails inward at the same time to lock, then installation is finished.

6

Assembly Completed.
