The Lines Between 4

D2198S43943-3545

The Lines Between IV is a series of six works on paper that recall the early work of American Abstract painter Adolph Gottlieb. This series features biomorphic forms, abstract symbols, and dream-like landscapes that reflect an inner psyche.

This work features hand-drawn shapes that offer the viewer a glimpse into the artistic expression of the historically important Chauvet Cave drawings of the Paleolithic period. The Lines Between 4 carefully depicts a moment of chaos through movement of abstract forms. An original addition to the exclusive ART by TA Collection.
