Installation instruction

1

2

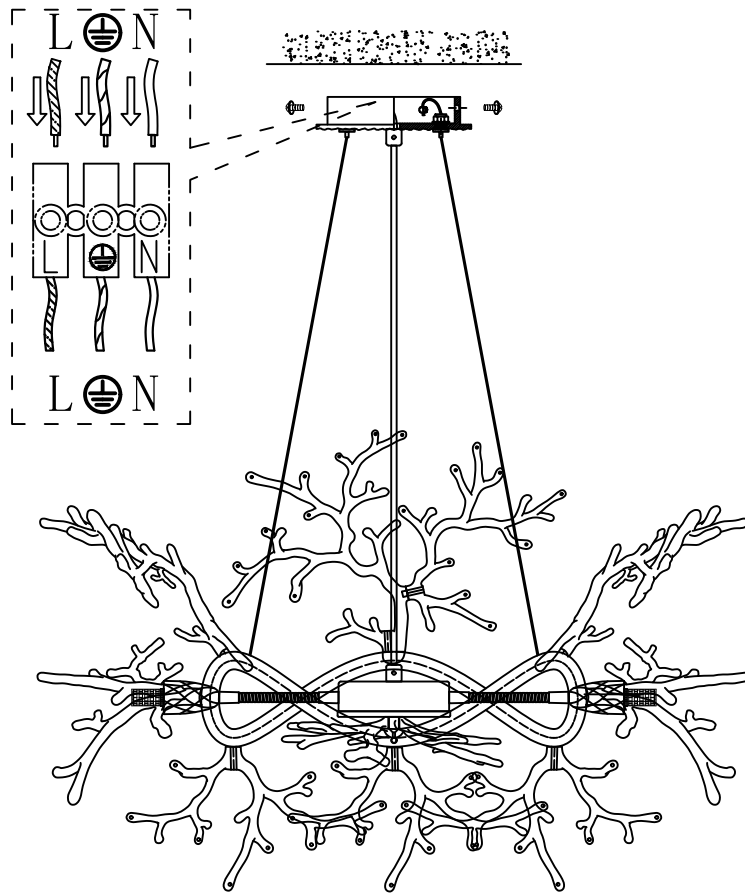

Steps:

1. Take out the lamp body and check the firmness of the lamp body;
2. Take out the decorative branches
3. Use a cross screwdriver to remove the M4*30mm screws on the lamp body in order, and install a set of decorative branches one by one, to avoid losing screws;
4. Install the branches with steel wire as the diagram, and thread the steel wire rope into the specified hole;

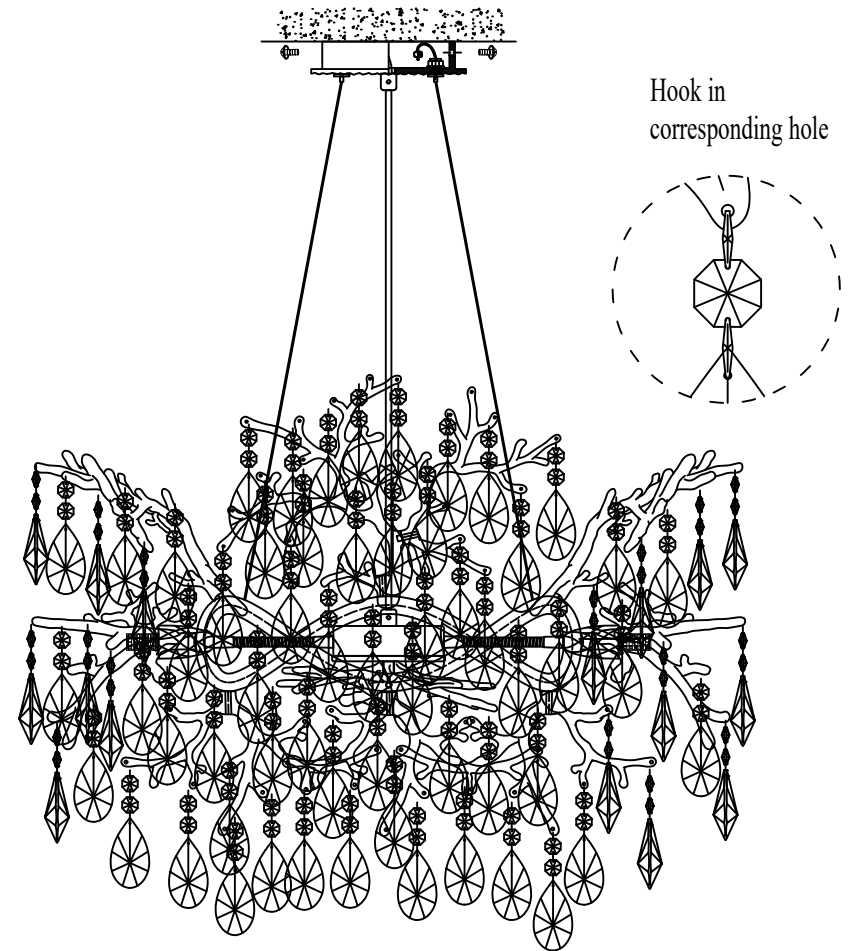

Installation instruction

3

- ① ② Install the lamp body on the crossbar with the matching screws.
- ③ Install the bulbs and test them.

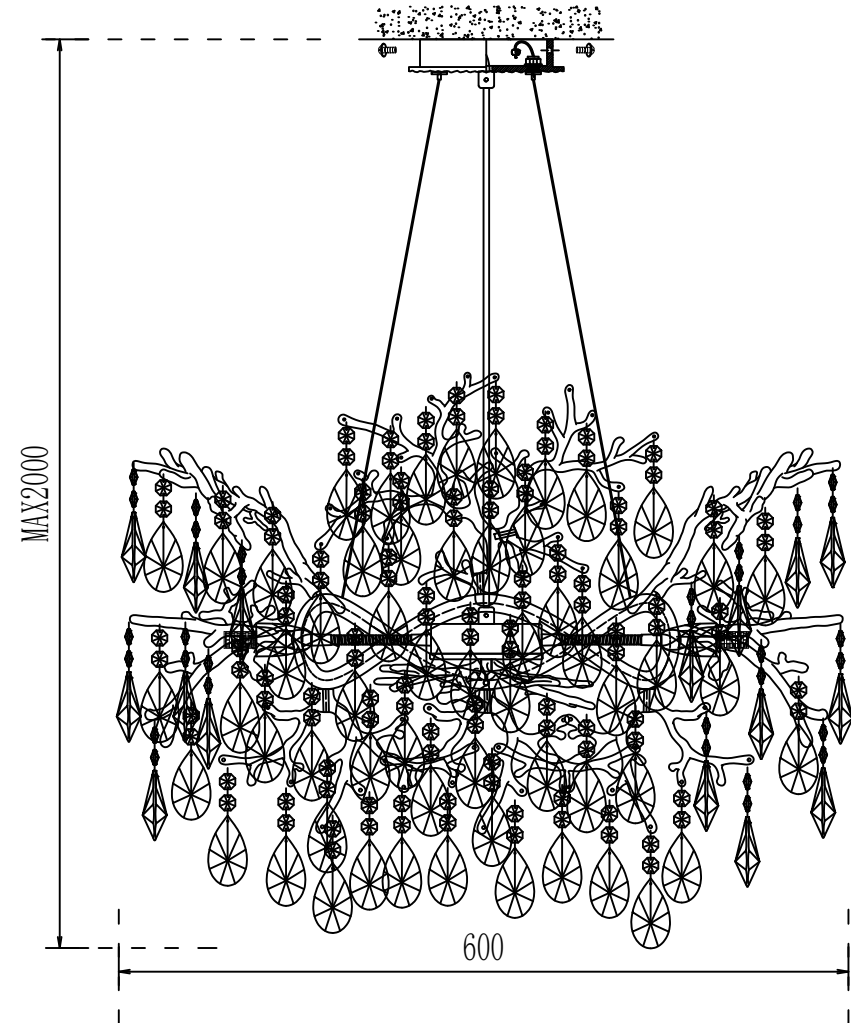

4

Fix the crystal string to the branch as shown.

1. Branch 1 should have 19 crystal strings, a total of 3, branch 2 should have 8 crystal strings, a total of 12, branch 3 should have 11 crystal strings, a total of 1, and the whole lamp should have 164 crystal strings.
2. When hanging crystals, try to keep them symmetrical to keep the light fixtures balanced.
3. The decorative support is die-casting, and the load-bearing capacity is limited. The suspension accessories shall not be replaced without authorization, and no one shall bear the weight during installation, so as not to cause unnecessary safety accidents.
