Step 1:

Carefully slide the Firebox insert carton out of the console from the back. Remove the Firebox insert from the carton and place on a clean, protected surface.

Step 2:

Insert the Firebox into the back of the cabinet. Attach the support bracket to secure the Firebox from behind the cabinet. Refer to the separate booklet for the fireplace insert for complete instructions.

Step 3:

Remove the door pulls from the back side of the door and attach them to the front side of the door with a Phillips head screwdriver, as shown in the diagram.

Step 4:

Install the Anti-Tip Hardware to avoid the possibility of the furniture tipping and injury.
