**Product Description:** Casual yet refined and stylish, the Bristowe Executive Desk sets a professional and inviting tone for any work-from-home space. The dramatic desk silhouette is crafted of Pecan Veneers in a Tuxedo black paint finish with touches of warm brown, and is accentuated by oil-rubbed bronze-finished rings and pull hardware and boldly-shaped cabriole legs. The desk offers 4 drawers, with the left drawer a file drawer with pendaflex system and full extension metal ball bearing slides and the top right drawer featuring a removable pencil tray, inserts and removable writing slide with full extension metal ball bearing slides. The center drawer has a drop-front for keyboard use and a wire cutout in the back of the drawer. The right bottom drawer has a false bottom with finger hold for hidden storage and is on full extension metal ball bearing slides. The desk is finished on all sides so it can float in a room.

**Collection Features:** The Work Your Way program focuses on the new reality many consumers face as they continue to do much of their work from their homes. Available in five design styles, the program offers an assortment of key home office pieces for a variety of spaces & whether a dedicated executive home office or a more casual workstation. Ranging in scale and functionality, all of the groups within Work Your Way include an executive desk, a junior executive desk, a writing table, a lateral file, a credenza and hutch and a bookcase.

**Drawer Construction:** Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

**Finish Construction:** Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

**Frame Construction:** Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
