

ASSEMBLY AND INSTALLATION INSTRUCTIONS

WARNING: TO AVOID RISK OF ELECTRIC SHOCK, BE SURE TO SHUT OFF POWER WHILE INSTALLING OR SERVICING THIS FIXTURE.

NOTE: Before installing, consult local electrical codes for wiring and grounding requirements.

Installation Steps:

1. Unscrew the bolt nuts from the fixture, and remove the mounting plate.
2. Attach the mounting plate to the wall box by using 2 mounting screws.
3. Make wire connections with wire nuts:
 - Connect the black wire from fixture to the black wire from power source.
 - Connect the white wire from fixture to the white wire from power source.
 - Attach the grounding wire and the house grounding wire to the mounting plate with a green grounding screw.Tuck wires back into the wall box carefully.
4. Reattach the fixture to the mounting plate by inserting the 2 screws, and secure with 2 bolt nuts. (You can adjust the length of the screws by screwing the lock nut.)
5. Attach the glass shades to the fixture, and secure with the socket rings.
6. Install bulbs. (Please do not exceed the maximum capacity, which is recommended on the package.)
7. Turn on the power at fuse or circuit box.
