

# Power Supply Placement, Contents & Instructions

Power pack placement under the recliner. This box contains the power pack along with instructions on how to assemble. There is a diagram included in the box.

Motor Box contents. Power pack, cord and diagram instructions.

ASSEMBLE ALL CONNECTIONS PER THE ABOVE DIAGRAM

**WARNING:** DO NOT PLACE EXCESS CORD UNDER THE FURNITURE OR IN THE PATH OF MOTION OF THE FURNITURE. THIS COULD CAUSE CUT OR SCRAPED CORDS.

**CAUTION:** ENSURE THE POWER SUPPLY IS LOCATED WHERE THE CHAIR WILL NOT HIT IT WHILE RECLINING.

1. Plug in the power supply cord to the motor cord that you will see underneath the back of the chair.
2. Plug in the power supply cord into the wall socket. You should see a green light on the power supply box signaling that you have power to the cord.
